Q&A

- Can you elaborate on your business model, especially regarding the pricing?

    Annual software license fee (includes 2,000 users).
    Included free white labeling and quarterly version updates.
    Usage-based charges for storage and other cloud rescues.

- Do you offer enterprise client support?

    Yes – we have three SLA options with dedicated engineering & account managers.

- Do you have any benchmarks or data from previous (similar) projects on how long it typically takes to implement your solution?

    We deployed our system with Intel, AT&T, Verizon, and Qualcomm and support 3D asset management at Chevron, Lowe's, Chanel, Adways, Repligen, and more.

    1-2 weeks for full deployment after a contract is signed.

- What specific input or data do you need from us?

    Assigned contact(s) at your company to coordinate domain/IT configuration, any system upgrades, and feature requests, technical issues.

- Is your solution compatible with AWS cloud?

    Yes. We are an official AWS Partner and natively support AWS.
