AI-POWERED

pTrack® algorithms are best in market at predicting peaks and providing more insights and data to our customers, and will only continue to get better.

REAL-TIME

Live pricing available in PJM's real-time and day-ahead markets, so you always know what you're saving as it happens.

ONE PORTAL

Avoid headaches around scattered data and keep everything in one place. Whether it's peaks or Demand Response, we've got you covered.

MORE REVENUE

Optimize energy use, mitigate costly spikes in electricity costs, and realize significant cost savings in the long run.

NEVER MISS A PEAK

To monitor your facility's real-time energy consumption, simply log in to Edgecom Energy's online portal or use our app. We'll send you alerts via SMS, email, and phone to make sure you're always informed about any curtailment notices.

pTrack® 12 Day Outlook

Sent each Sunday and includes a 12 day forecast of top 5 peaks

Day Before Standby Notice

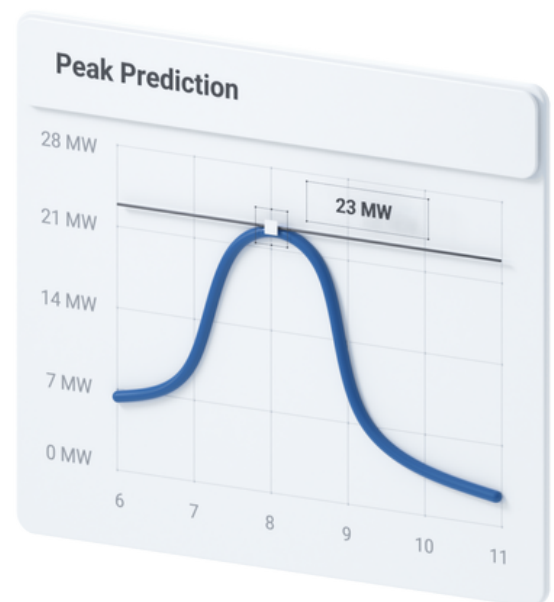

Sent a minimum of 18 hrs before a potential curtailment

Day of Stand by Notice

Sent a minimum of 6 hrs before a potential peak

Curtailment Notice

Sent a minimum of 4 hrs before a potential peak

POTENTIAL SAVINGS

The amount of savings curated is ultimately up to you, the more you are able to curtail the more you can save.

Peak avoidance
savings up to
\$98,500
per MW of
curtailment.

WHAT CUSTOMERS ARE SAYING

”

This year, our savings are on track to reach between \$100,000 and \$120,000 in energy savings.

Brandon Hastie,
Industrial Engineer,
Bock North America

”

Edgecom Energy has been point-on, they've been 100% accurate as far as predicting these peaks.

Jake Neufeld,
Co-Owner,
Vine Fresh Acres

ABOUT US

Edgecom Energy provides commercial and industrial consumers with an all-in-one energy management solution to outsmart rising energy costs. Our platform uses AI and combines real-time facility and grid analytics to deliver advanced insights and enable better decision-making, reducing costs and emissions while maximizing grid incentives.

WHY CHOOSE US?

Unlike competitors offering partial solutions, Edgecom Energy offers a comprehensive platform that integrates all aspects of energy management, delivering unmatched convenience and efficiency compared to partial solutions.
