deNote objective

Real time Shared white board

 deNote

Visual management tool

Content agregator

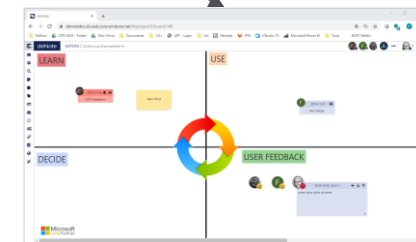

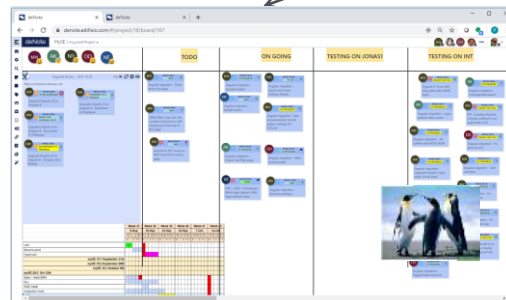

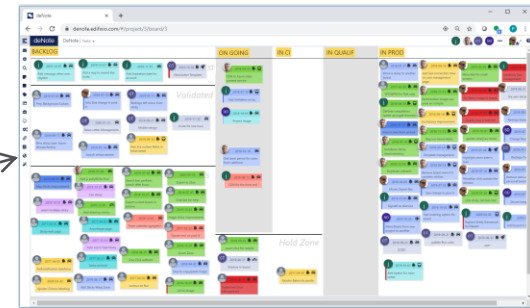

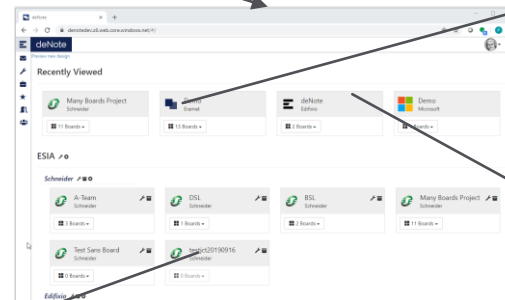

Key point :

- no double input,
- get information where it is
- do not replace external tool

deNote presentation

deNote

- Online With Board application
- Real Time responsive
- Information aggregator
- Multiple Project
- Multiple Boards by project
- Highly customizable
- Agile compliant
- Azure Only
- Fully auto-scalable

deNote Board example

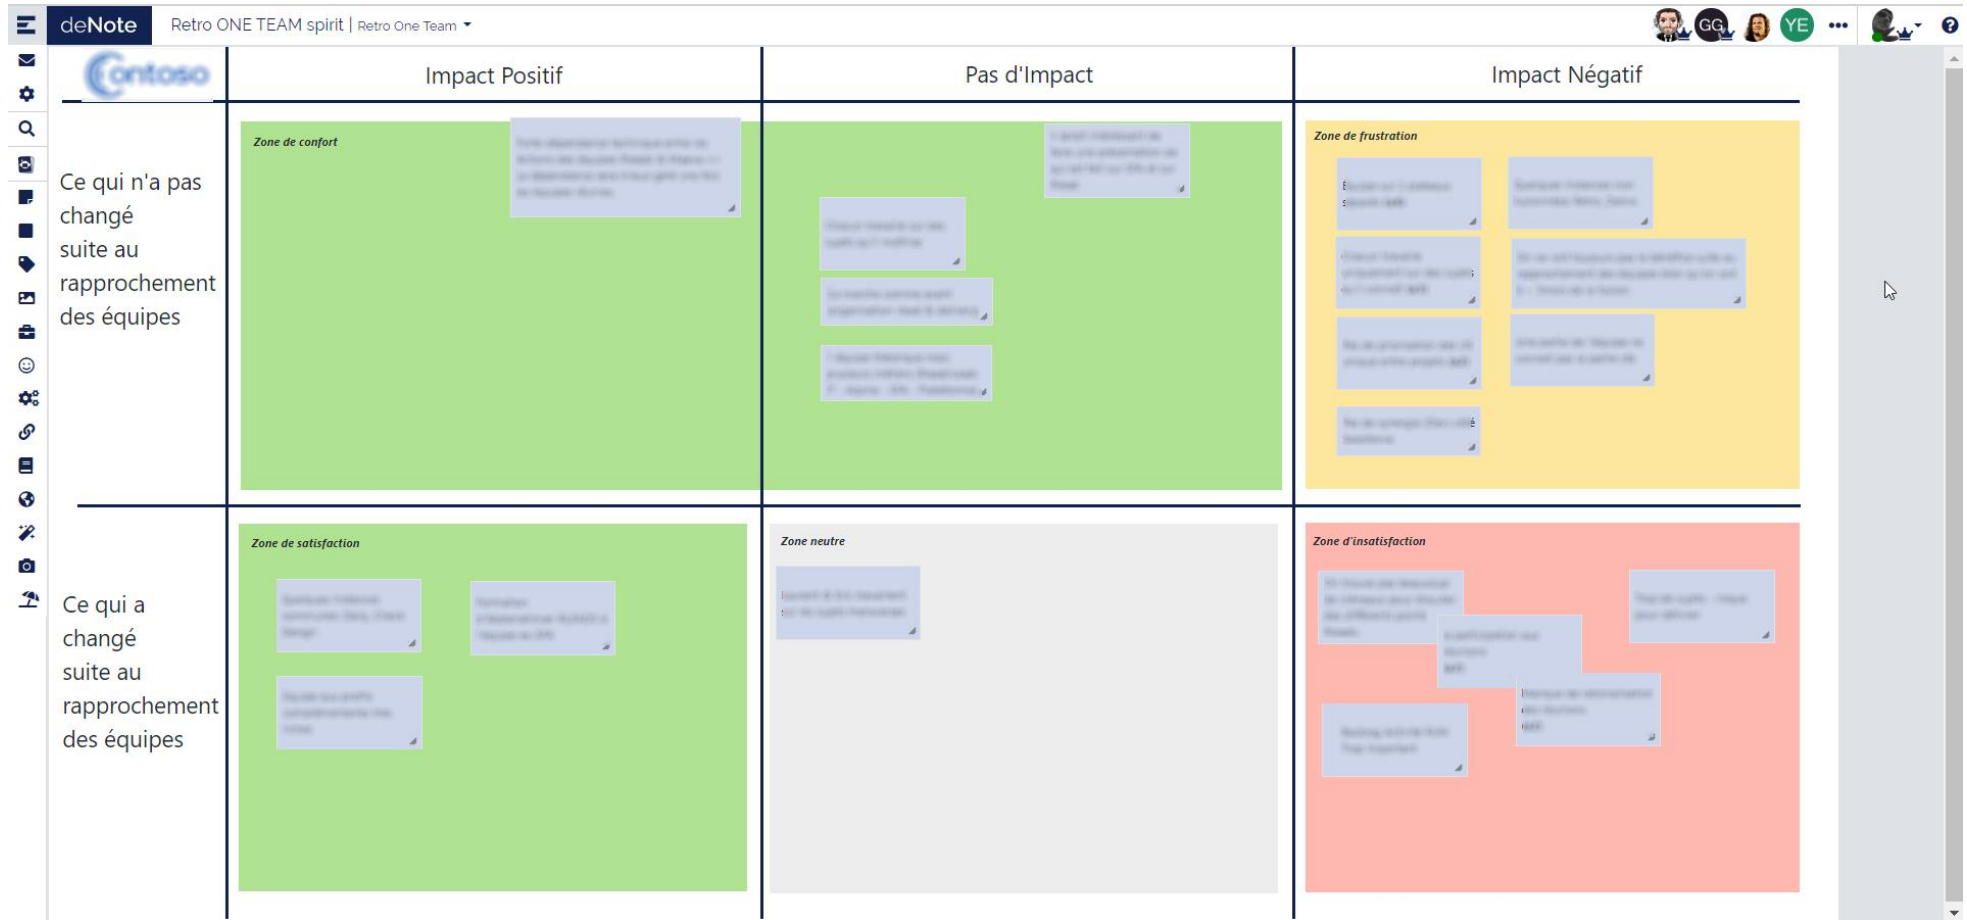

The screenshot shows a Kanban board in the deNote application. The board is organized into several columns: MOOD, BACKLOG, SELECTED, ON GOING, DONE, TEST, and LIVE. Each column contains task cards with details such as task ID, status, and assignee. For example, in the 'SELECTED' column, there are cards for OPS-2456, OPS-2112, OPS-2218, OPS-1952, OPS-1748, OPS-1794, and OPS-1794. The 'ON GOING' column has a card for OPS-2448. The 'LIVE' column has a card for OPS-1884. The 'EOL PENDING' section contains cards for OPS-1884 and OPS-2521. The 'MOOD' column has a card for OPS-2526. The 'BACKLOG' column has a card for OPS-2554. The 'TEST' column has a card for OPS-2530. The 'LIVE' column has a card for OPS-1884. The board also features a search bar, a filter menu, and a user profile dropdown.

Real Project
Active Board.

deNote Board example

deNote used as feedback collector for teams in multilocation

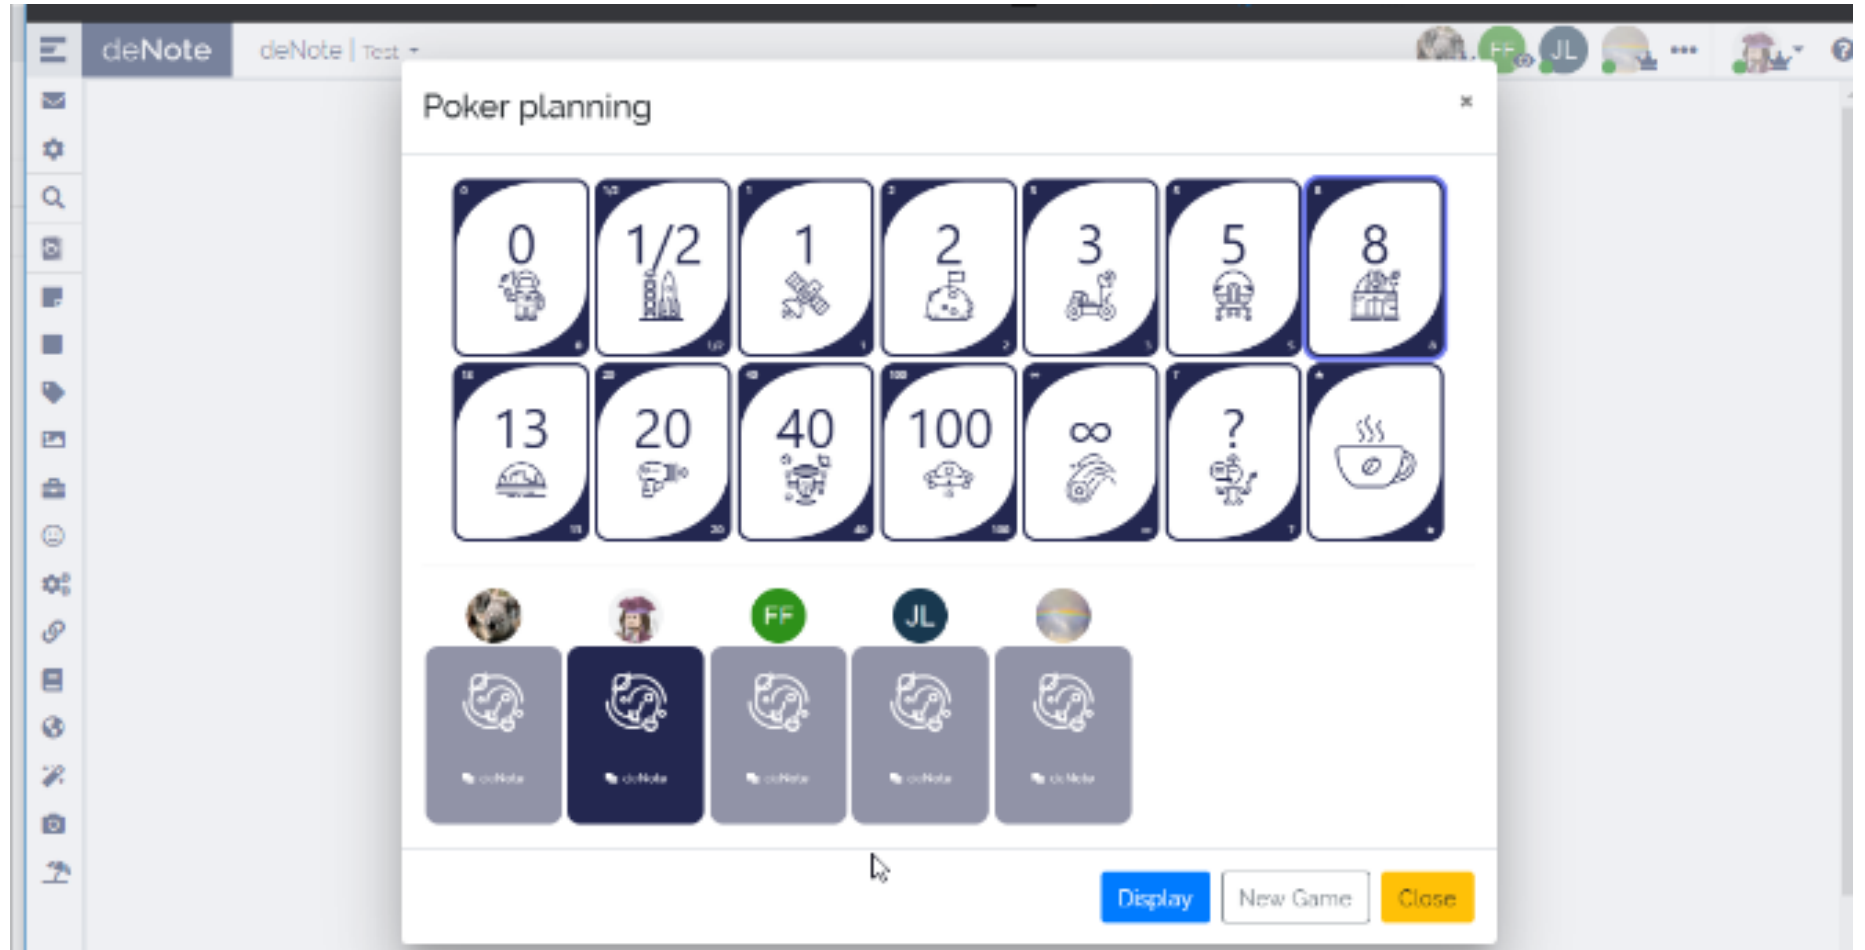

The screenshot shows a deNote board interface for a team named "Retro ONE TEAM spirit". The board is organized into a grid with three columns: "Impact Positif", "Pas d'Impact", and "Impact Négatif". The rows are defined by text on the left side of the board.

	Impact Positif	Pas d'Impact	Impact Négatif
Ce qui n'a pas changé suite au rapprochement des équipes	<p><i>Zone de confort</i></p> <p>Une amélioration significative a été observée dans la communication interne de l'équipe de développement de l'application mobile.</p>	<p>Le processus de validation des nouvelles fonctionnalités a été maintenu tel quel.</p> <p>Le niveau de satisfaction des utilisateurs a continué de progresser.</p> <p>Le budget alloué pour le développement a été respecté.</p>	<p><i>Zone de frustration</i></p> <p>Le manque de visibilité sur l'avancement des tâches a entraîné des retards.</p> <p>Le processus de recrutement a été trop lent.</p> <p>Le manque de formation des nouveaux employés a affecté la productivité.</p> <p>Le manque de communication avec les clients a entraîné des plaintes.</p>

deNote Teams integration

deNote is accessible from Teams

The screenshot displays the Microsoft Teams interface. On the left, the navigation pane shows the 'Équipes' (Teams) section with a list of teams: 'Azure Practice', 'A-Team', 'deNote Team', 'Général', 'Development', 'Support', and '1 canal masqué'. The 'Development' team is selected. The main content area shows the 'deNote' application integrated into the Teams channel. The deNote interface includes the deNote logo, a search bar, and a navigation menu. The deNote content features the text 'deNote | Integration Reussie' and a large graphic of three interlocking gears. In the top right corner of the deNote interface, there is a 'Microsoft Partner' badge with the text 'Gold Cloud Platform', 'Gold DevOps', and 'Gold Application Development'. The edifixio logo is visible in the bottom left corner of the deNote interface, and the Microsoft Teams logo is in the bottom right corner.
