# KEY PRIVACY AND DATA CONTROL FEATURES

EtherAssist puts data control and privacy at the heart of its platform. With features for full data export, comprehensive redaction, and robust admin controls, you can ensure compliance and maintain data integrity. Our Prompt Shield protection adds an extra layer of security, safeguarding against unauthorised access or manipulation

## 01

### **Full Data Control**

Full control over all user data with options to redact, export, or delete as needed.

## 02

### **Redaction Capabilities:**

Automatically hide sensitive data, like emails or bank details, across all conversations to keep everything private and secure.

## 03

### **Data Export and Deletion**

Export chat history and delete past conversations to maintain data hygiene and ensure compliance.

## 04

### **Admin Control and User Management**

Assign administrator roles to control user access, deactivate accounts, and manage data settings efficiently.

# SECURITY AND PROMPT SHIELD CAPABILITIES

## 01

---

### PROMPT SHIELD PROTECTION

Blocks harmful or risky prompts before they're processed, keeping interactions safe and policy-compliant.

## 02

---

### INCIDENT CONTAINMENT

Detects and blocks prompt attacks, including:

- User Prompt Manipulation: Alters AI behaviour to perform unintended actions.
- Document Manipulation: Detects harmful instructions embedded within uploaded documents.

## 03

---

### DATA SOVEREIGNTY AND GLOBAL EXPANSION

Currently hosted in the UK, with data centres expanding to Europe and the US by 2025, ensuring compliance with local data protection regulations.

# CERTIFICATIONS

## Built for Trust and Compliance

### 01

---

#### ISO 27001 – INFORMATION SECURITY MANAGEMENT

Certified to keep your data secure with internationally recognised standards for information security.

### 02

---

#### ISO 9001 – QUALITY MANAGEMENT

Demonstrates our commitment to consistent quality, ensuring reliable and efficient services for your IT needs.

### 03

---

#### CYBER ESSENTIALS

Certified for cybersecurity best practices, ensuring protection against common cyber threats and strengthening your organisation's security posture.

## WHY CERTIFICATIONS MATTER

These certifications are a testament to EtherAssist's dedication to security, quality, and compliance, providing you with peace of mind knowing your data is managed responsibly and safely.

# Up Your Data Privacy and Security Game with EtherAssist

## Take Control of Your Data

Take full control of your data privacy. With EtherAssist, you get secure data handling, automatic redaction, and compliance with industry-leading standards – protecting your organisation from end to end.
