Efima Integration Services

3-Day Assessment

Are you looking for an efficient way to connect your business applications or any other software solutions together? Look no further, as we have a solution for you!

By using Microsoft Azure's top-of-the-line capabilities and our expertise in business IT, we will prepare an in-depth estimation and delivery plan for your integration needs.

At the end of the assessment, you will have an overview of the proposed integration solution and will receive a detailed estimation document along with a delivery plan including effort, cost and project roadmap.
