

Catalyst Envision for Business Process Automation

Helping your everyday changemakers to act faster

Changing world requires you to be agile and more effective than before, with ever tighter constraints. The key is to help your professionals become everyday changemakers, enabled by powerful tools. Microsoft Power Platform enables your organization to do more, support business better and act faster than ever before.

Let's ideate together

As part of **Microsoft Catalyst**, Efima leads you through envisioning workshop where you involve colleagues, get steered by Efima's experts and finally imagine your desired future state. Be ready for new and unexpected perspectives while we explore together how to accelerate digital transformation towards your strategic goals.

This one-day workshop starts with a review of your business objectives, followed by mutual discovery and

visualization of the future state, ending with an actionable picture of how to reach your business goals.

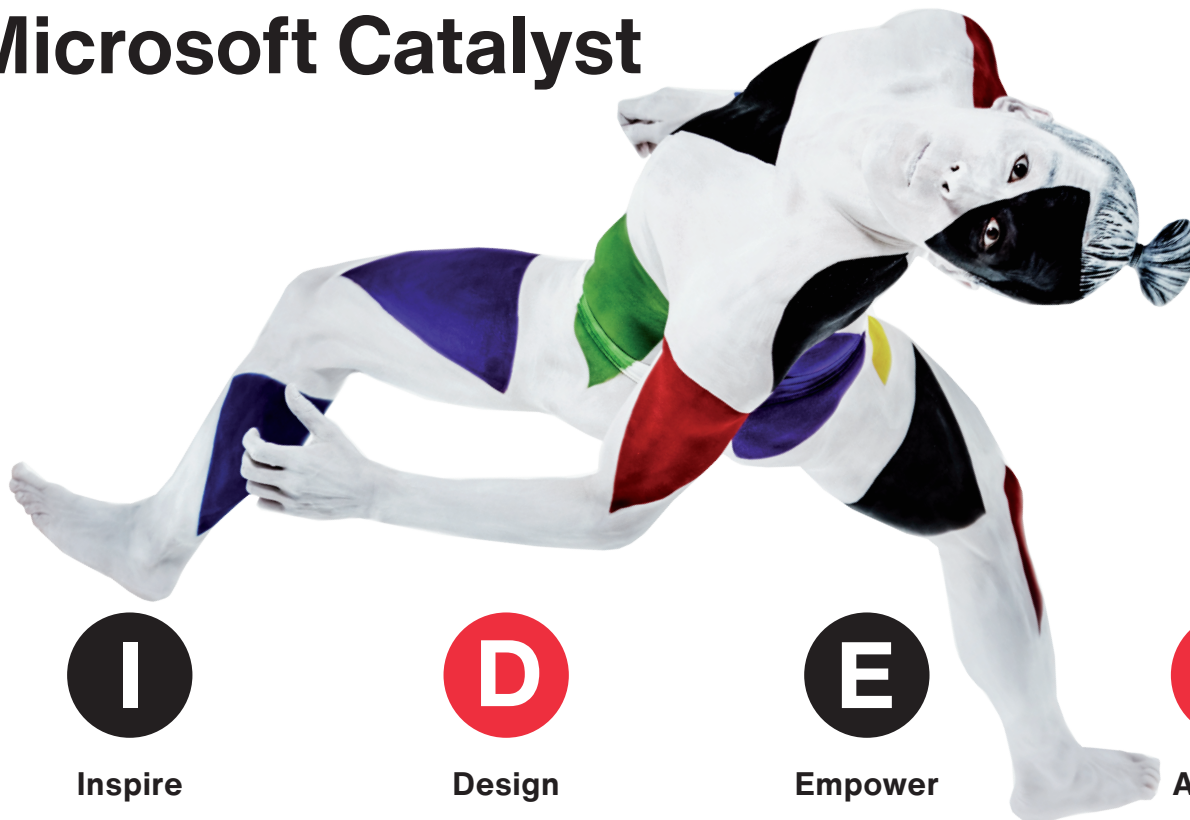

How Efima can help

Efima supports and improves large and mid-sized organizations' business with ERP, financial management and RPA & AI solutions, outsourcing services, and consulting. We strive to provide the best service within our industry. We were chosen as Microsoft's Digitalization Partner of the Year in 2020 in Finland.

Let our experts help you:

- Finding and meeting the critical needs of your business
- Involve your experts and making sure to utilize their broad knowledge
- Meeting the security and compliance requirements
- Renewing your legacy apps
- Matching your budget

Transformation Plan

Your business transformation starts with an I.D.E.A.

[More information here >](#)

Build, plan, and execute business transformation strategies with a proven, innovative approach from Microsoft Catalyst – an envisioning and planning program that employs Microsoft Dynamics 365, the Microsoft Power Platform, and the Microsoft Cloud.

Start by finding the transformation strategy that's right for you. Define and prioritize your strategy using development activities, then foster ideation and drive decision making with an envisioning workshop.

Envisioning Workshop for Business Process Automation

1-day Envisioning Workshop is about designing the new vision, themes and opportunities for your business process automation. All this is aligned with your business objectives with the goal that you will enable experts of your organization, the everyday changemakers, to act faster. In the workshop, your domain

experts together with the leading business consultants will identify the top initiatives and the opportunities where you can find and reach value fast. The wide expertise and proven collaboration methods ensure that the outcomes of workshop will take you to the next level.
