together we make IT happen

MANAGED MICROSOFT 365

with eGroup Enabling Technologies

eGroup Enabling Technologies has decades of experience deploying, securing, and managing productivity solutions across a wide range of industries. Our Managed Services team is US-based and comprised of internal experts who can bring experience in security, infrastructure, applications, data protection, disaster recovery, and information governance to your organization all-in-one agreement.

ENSURE YOUR PRODUCTIVITY SOLUTIONS ARE SECURE, PROTECTED, AND READY FOR YOUR END-USERS.

Success with the Microsoft 365 productivity cloud requires an understanding of what your end-users need to succeed.

Take the guesswork and effort out of Microsoft 365 by having eGroup Enabling Technologies manage the security, solutions, and support that keeps your team productive.

"eGroup Enabling Technologies is a team of subject matter experts, dedicated to getting you the right expert for your need. I know there's a team behind every engineer to support him/her and help me, which is fantastic... At the end of the day, eGroup Enabling Technologies is not a vendor, it's a partner."
