

MICROSOFT TEAMS- THE HUB FOR COLLABORATION IN HEALTHCARE

Streamline Your Staff and Caregiver Productivity with eGroup Enabling Technologies

When you have a place to create and make decisions as a team, there's no limit to what you can achieve. Teams brings everything together in a shared workspace where you can chat, meet, share files, and work with business apps.

Could Your Team Use a Tool That Allows You To...

- Have Secure 1:1 and Group Chats?
- Share Documents and Photos Easily with Co-Workers?
- Record Virtual Consultations with Built-In Transcription?
- See Job Titles and Tag People in a Message?
- Create Customized Workflow Automation and Scheduling?

THERE IS A SOLUTION THAT SOLVES ALL OF THESE CHALLENGES

A cloud-based team collaboration tool that allows you to connect on any device, includes messaging, file sharing, video meetings, and access to business apps.

Meet Microsoft Teams

COMMUNICATE MORE EFFECTIVELY

Get your team on the same page with group chat, online meetings, calling, and web conferencing.

WORK BETTER TOGETHER

Collaborate on files with built-in Office 365 apps like Word, Excel, PowerPoint, and SharePoint.

CUSTOMIZE YOUR WORKSPACE

Add in your favorite Microsoft apps and third-party services to keep the business moving forward.

KEEP YOUR TEAM SECURE

Get end-to-end security, administrative control, and compliance—all powered by Office 365.

A SOLUTION FOR THE ENTIRE HEALTH ORGANIZATION

PHYSICIANS

Physicians can connect with the people and information they need, whether it's across the care team, health system, or through a multidisciplinary team (MDT) meeting, or while on the go.

NURSES

Nurses can orchestrate resources and care across departments, digitize clinical workflows, and enable coordinated care with instant access to people and patient information.

ADMINISTRATORS

Administrators, can securely communicate with clinicians and across all hospital staff, share important announcements across the organization, and collaborate in one place.

CLINICIANS

IT can ensure clinicians and staff have a secure and compliant way to communicate, and collaborate with built-in manageability features like eDiscovery, audit reports, and data loss prevention.

**HIPAA
COMPLIANCE**

Built on the secure and compliant Microsoft 365 cloud, Teams enables HIPAA compliance and is compliant with standards like HITRUST, SOC 1, SOC 2, GDPR, and more.
