About fawateer

Fawateer is a complete end-to-end payment gateway that simplifies the payment process of SADAD bills.

fawateer allows businesses to upload bills to SADAD and manage their payments securely.

fawateer offers secure, robust and efficient payment processing with real-time notifications, payment reconciliation, account management, and full compliance with Saudi payment standards to optimize your financial operations.

fatwateer Provides A Set Of Innovative Features That Will Facilitate Your Work

Key Features

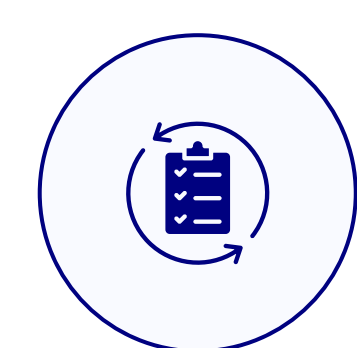

Bill Upload

Easily transfer bill data from your applications to SADAD (done in bulk or individually).

Instant Payment Status Updates

Receive real-time updates on the payment status.

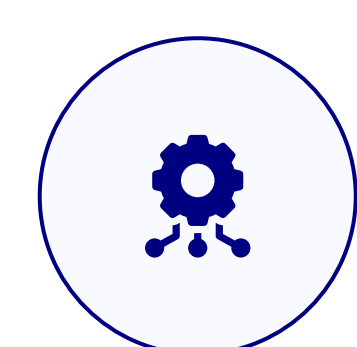

Accurate Reconciliation Reports

Reconciliation reports that show settled and unsettled payments.

Financial Data Security

Giving you peace of mind throughout the payment process.

Seamless Integration with Current Systems

Easily integrate with your existing applications.

Benefits

Efficient Transaction Management

Seamlessly handle large volumes of transactions with minimal delays, ensuring swift financial processing.

Enhanced Data Security

Advanced encryption techniques protect financial information exchanged with SADAD, ensuring secure data transmission between systems.

SADAD Compliance

Full compliance to Saudi payment protocols and security regulations, ensuring alignment with the latest standards.
