

Elekta Axis Cloud

Security you can rely on

Built on

Your data is protected by robust data security features, including multi-layer threat protection, automated security detection and response. You also have the assurance of built-in system compliance features to ensure conformance to data privacy and regulatory requirements.

1B+ USD
investment in security R&D

3,500
cyber security experts and 8 trillion threat
signals analyzed

Providing confidence in your data security, privacy and compliance

Multiple layers of security

You can be sure that safeguarding your clinical data is our highest priority. Our solutions offer multiple layers of security, such as password protection and two-factor authentication.

Proactive surveillance

Elekta partners with world class cybersecurity organizations, providing 24/7 monitoring and incident response.

Reports and Certifications

www.aicpa.org/soc4so

SOC 2 Type 2 report demonstrates that Axis cloud services meets the security, availability and confidentiality criteria to host your data, as audited by a qualified third party.

ISO 27001 certification demonstrates the maturity of information systems management system (ISMS) controls related to the people, processes and technology at Elekta.

Hope for everyone dealing with cancer.
