

Azure OpenAI Studio

Elisa Workshop

Azure OpenAI is a powerful AI service provided by Microsoft Azure in collaboration with OpenAI. It offers advanced natural language processing capabilities to build AI models for various applications.

In Elisa's Azure OpenAI workshop you will get your own secure demo environment to test Azure OpenAI against your own data.

DAY
1

Day 1 Agenda

- 1. Introduction to AI:** A broad overview of Artificial Intelligence, its evolution, importance, future implications and how to use it responsibly
- 2. Introduction to Azure OpenAI:** A comprehensive overview of Azure OpenAI, its features, and use cases.
- 3. Understanding the Azure OpenAI Studio Environment:** Discuss the type of documents that can be used in Azure OpenAI Studio.

DAY
2

Day 2 Agenda

- 4. Creation of Azure OpenAI Studio Environment:** Elisa will create an Azure OpenAI Studio environment and set up the chat interface for the customer.
- 5. Hands-on Session:** A step-by-step guide with the customer on how to use Azure OpenAI Studio.
- 6. Q&A Session:** An open forum to ask any queries or doubts regarding the topics covered in the workshop.
