Trusted Long-Term Partner

Our goal is to be a trusted extension of your team, delivering successful projects for years to come.

Solutions Oriented Approach

We're focused on solutions, not products; prioritizing long-term value through quality-driven delivery.

Flexible Engagement Options

We offer pro and managed services, allowing you to engage a full team on a turn-key project or enhance your existing team with one of our specialists.

Emergent's Approach to Copilot and Power Platform Adoption

Challenge

Organizations are unsure how to start their AI journey, lacking clarity on where tools like Copilot and Power Platform fit into their business and how to deploy them effectively.

Solution

Our experts lead a Microsoft-based workshop to explore Copilot and Power use cases, assess technical and organizational readiness, and define a clear, tailored AI adoption roadmap.

Outcome

Gain alignment across teams, a prioritized list of use cases, a business case with ROI, and a strategic roadmap to confidently move forward with Copilot and Power Platform adoption.

Key Benefits

Microsoft 365-Enabled Planning

Leverage Microsoft Azure tools and frameworks to assess readiness, drive adoption, and build scalable solutions.

Real Use Case Discovery

Identify practical, high-impact scenarios tailored to your business goals through guided discovery sessions.

Executive-Ready Roadmap

Receive a clear roadmap with strategic next step and timelines for Copilot and Power Platform adoption.

Tailored Business Case

Collaboratively build a data-backed business case with ROI analysis to justify investment and drive buy-in.

Additional Benefits

Accelerated AI Adoption

Quickly align stakeholders, evaluate fit, and prepare for Copilot deployment using a proven, low-risk process.

Cross-Functional Engagement

Align IT, security, and business leaders around a shared Copilot vision to ensure long-term success.

Microsoft Funding Guidance

Determine eligibility and receive support applying for Microsoft funding to reduce upfront costs.

Trusted Microsoft Partner

Work with certified Microsoft experts to align with proven best practices throughout your AI adoption journey.
