

Revolutionize Your Online Reputation Management with Emojot ORM

AI-DRIVEN CAPABILITIES TAILORED FOR YOUR SUCCESS

Emojot ORM goes beyond mere management, using AI to generate review-specific, empathetic responses, enhancing your public image and saving valuable time. Embrace the efficiency of our system, regardless of the language, tone, or complexity of the reviews.

Our advanced features include sentiment analysis and rule-based bulk responding, further streamlining your business processes.

Experience the power of our AI-driven analysis, offering customer preference insights, trend analysis, and strategic recommendations specific to each review platform and location.

WHY CHOOSE US?

Emojot ORM sets itself apart through its advanced AI-driven features, affordable pricing, and customization capabilities. With Emojot, you gain a partner committed to your business's reputation.

REVIEW MANAGEMENT

Emojot ORM can easily monitor and manage reviews across 75+ listing sites.

Configurable response templates and AI-driven response suggestions allows you to quickly and easily respond to reviews with a professional and thoughtful response.

REVIEW REQUEST CAMPAIGN

Create and manage review request campaigns through email and SMS with audience segmentation using Emojot ORM.

REVIEW INSIGHTS

Emojot ORM also provides comprehensive drill-down and trend analytics. Multi-location and multi-channel rolled-up analytics provide a high-level view of your business's overall reputation.
