

# FIX SCATTERED DATA, RISING AUDIT COSTS, AND COMPLIANCE HEADACHES

with eGroup Enabling Technologies Purview Services

## EXPLORE, TEST, AND DEPLOY FASTER

Most organizations spend weeks preparing for audits, chasing down sensitive data across systems, and dealing with rising regulatory pressure. Purview eliminates that wasted time. Our team can help you quickly identify risks, classify and secure data, and roll out Purview enterprise-wide. No fluff, no wasted effort, just results that reduce risk, cut audit prep time, and keep your team focused on real work.

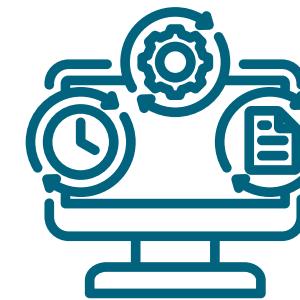

### CENTRALIZED COMPLIANCE

One dashboard to track and prove compliance, cutting audit prep time by 50%.

### SCALABLE ROLLOUTS

Start small with a POC, then expand Purview organization-wide without disrupting operations.

### SECURE DATA CONTROL

Classify and protect sensitive data across cloud and on-premises from day one.

## ASSESSMENT

Understand exactly where your risks and opportunities are. Through demos and workshops, we map how Purview can cut compliance work and secure your environment.

### DELIVERABLES

- RISK AND DATA MAP
- CAPABILITY ALIGNMENT
- RECOMMENDED ADOPTION PLAN

## PROOF OF CONCEPT

Run Purview in your environment to prove value fast. Validate reporting, data classification, and audit readiness before committing to a full rollout.

### DELIVERABLES

- POC DEPLOYMENT
- REPORTING VALIDATION
- ROI ASSESSMENT

## DEPLOYMENT

Deploy Purview enterprise-wide with minimal disruption. We configure, integrate, and train your team so you get full value from day one.

### DELIVERABLES

- COMPLETE DEPLOYMENT
- SYSTEM INTEGRATIONS
- ADMIN TRAINING
- POST-LAUNCH SUPPORT
