

## Helping businesses get more out of Microsoft Dynamics 365 since 2009

We help small and mid-sized companies plan, implement, and optimize Microsoft Dynamics 365, Microsoft Copilot, and the Power Platform, so their teams sell smarter, serve customers better, and run their business with less friction.

Founded	Headquarters	Microsoft Focus	Service Area
2009	Bellevue, NE	Dynamics 365 + Copilot	United States

### What we do

We work across the full Microsoft business application stack: Dynamics 365 Sales, Customer Service, Customer Insights, Business Central, Power Platform, and Microsoft Copilot. Our goal is to help organizations get measurable value from their technology investments.

<b>Implementation</b> End-to-end Dynamics 365 deployments	<b>Accelerators</b> 7-day prepackaged go-lives for Sales, Service, Marketing	<b>CRM Rescue &amp; Repair</b> Fix a Dynamics environment that's gone off the rails
<b>Copilot &amp; AI Enablement</b> Roll out Copilot across Dynamics 365 and Microsoft 365	<b>Support Services</b> Ongoing admin, customization, and user support	<b>Licensing</b> Right-size licenses and avoid overspending

### Who we serve

Small and mid-sized businesses (typically 25 to 500 employees) across professional services, manufacturing, distribution, construction, healthcare, financial services, and legal.

### Why teams choose enCloud9

<b>Microsoft expertise since 2009</b>	15+ years in the Microsoft business applications ecosystem.
<b>Practical, no-fluff delivery</b>	We build what works, fast, instead of endless discovery hours.
<b>Right-sized for SMBs</b>	Big-firm capability without the bloated process or pricing.
<b>Long-term partnership</b>	Many clients have worked with us for 5+ years across multiple projects.
