

Custom SharePoint Intranet in Weeks

Research has shown us that engaged employees are 17% more productive than their counterparts. Employees that are engaged are more likely to work diligently and expend discretionary effort, boosting their productivity and driving innovation. Many organisations are relying on their intranets more than ever to keep employees informed, connected and help them complete tasks.

Engage Squared will work with you to develop an intelligent intranet ensuring you make the most of SharePoint Online. The rapid implementation means your intranet will be rolled out in a matter of weeks.

Expected outcomes

- ✓ Branded SharePoint Online intranet
- ✓ Content page templates
- ✓ Information architecture configuration including navigation
- ✓ Enhanced search results using PnP search result web parts
- ✓ Upskill through a content author training session
- ✓ Content author quick guide
- ✓ **Optional: 1 approval flow and 1 content review flow configured**

Discovery & Design

We will work with your team to validate and define your requirements in a requirements backlog. We will demonstrate Modern SharePoint to your team and work with you to get best use of the SharePoint look book to guide your design.

Configurations & Testing

We'll configure your branded theme and configure page templates. We'll implement the site structures and configure your homepage and mega menu. To improve delivery, we'll deploy and configure the community PNP search result web parts.

Training & Guides

We'll empower your internal teams to get the most out of your intranet by providing content author training to support consistent and high-quality content in your new intranet. Additionally, we'll provide a content authors quick guide.
