

Data Security Audit

Services overview

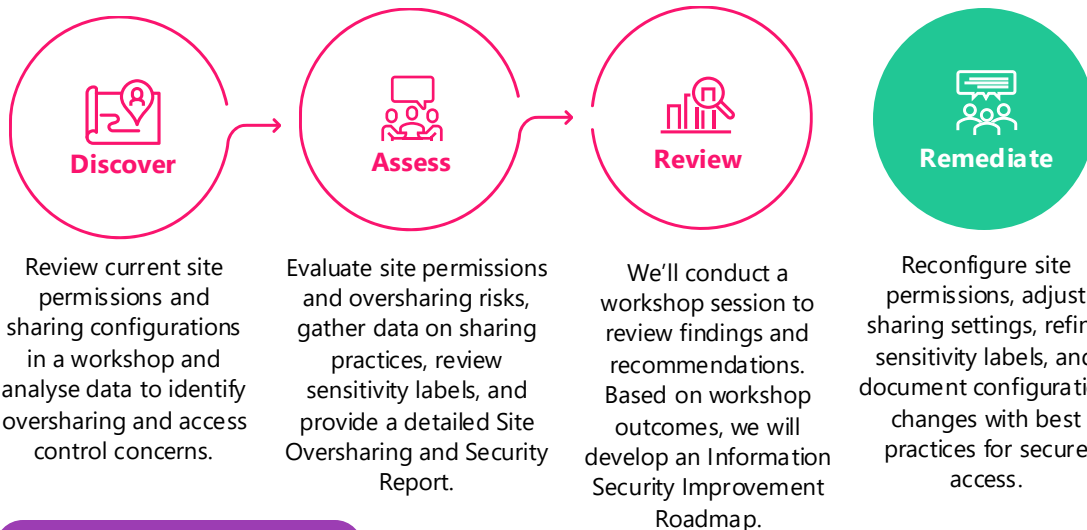

At Engage Squared, we specialise in fortifying your organisation’s information security by addressing site oversharing risks and enhancing access controls.

Our comprehensive solution focuses on identifying and mitigating data security risks and ensuring compliance by thoroughly reviewing and refining site permissions across your Microsoft Teams and SharePoint Online services, ensuring a robust and secure information environment. This engagement will give you visibility of the security risks in your environment, empowering you to undertake remediation activities, and enabling you to confidently move forward with the adoption of Copilot or other information management initiatives.

Our approach involves a structured and thorough process designed to identify and mitigate oversharing risks, enhance access controls, and ensure robust information governance. Through a detailed discovery, assessment, and collaborative recommendations review workshop, we ensure that your organisation’s information security is optimised and aligned with best practices.

Following the assessment phase, we can work with you to undertake remediation activities in accordance with the Information Security Improvement Roadmap.

Our approach

Expected outcomes

- **Reduced Oversharing Risks:** Minimise the potential for compromised data security and regulatory non-compliance by addressing oversharing issues.
- **Strengthened Access Controls:** Enhance your security posture by refining site permissions and access controls across your platforms.
- **Optimised Use of Existing Investments:** Leverage your current advanced licensing and AI tools to enhance information security and governance.

Project pathway

Timeframe

From 3 weeks

Investment

Starting from \$20,000

Suitable for

For organisations looking to reduce oversharing risks and enhance access controls

About Engage Squared

Engage Squared is an Australian-based Microsoft Solutions Partner. We're Modern Work Specialists that have been named as the 2021 Partner of the Year for Australia and won the global Employee Experience award in 2022. We specialise in creating **<people> friendly technology**.

We've implemented hundreds of intranets and integrated digital solutions, which means we have both the experience and the knowledge to design innovative solutions with real business value. We are passionate about the digital workplace and how that directly relates to employee experience. We start by understanding your business, your pain points, your goals, and your vision. We translate these pieces into strategies and solutions with your employees and organisational goal at top of mind.
