

Modernise your Intranet

Microsoft Viva Connections is your gateway to a modern employee experience – get ready to inform, engage and empower your organisation. A modern SharePoint Online intranet is the key dependency for Viva Connections.

We've designed 'Modernise your Intranet' specifically for organisations to unpack the state of their current intranet and guide them to transition their intranet to SharePoint Online as the first step on the road to implementing Viva Connections.

Expected outcomes

- ✓ Technical review and discovery
- ✓ Creation of SharePoint Classic to Modern migration strategy
- ✓ Recommend site architecture
- ✓ Review existing governance documentation
- ✓ Design and build of OOTB SharePoint home site
- ✓ Up to 50 content pages from Classic to Modern
- ✓ Completion of change strategy and supporting plans
- ✓ Supporting communication and training collateral
- ✓ Execution of SPO training

Analyse and design

We'll review your existing intranet and integrations to understand your current state, and your overall goals. We'll design a modern architecture and develop a migration strategy based on your requirements. Additionally, we'll review your existing governance documentation.

Implementation and migration

Our consultants will go on to design and build the key structures of your SharePoint Online intranet (home site and homepage, some IA structures). Our content expert will then migrate up to 50 pages to SharePoint Online ensuring you have a solid set of content to show progress.

ACM activities

Our adoption specialists will design a change and adoption strategy and supporting plans. We'll create supporting training and communication collateral and execute SharePoint Online author training ensuring your staff are confident to author engaging content.
