

Epiq Compliant Cloud Migration

Epiq provides a seamless and compliant transition of valuable archive data off legacy technology, while mitigating risks and maintaining regulatory compliance.

Epiq's advisory services allow organizations to **migrate archive data securely and compliantly - moving only essential data to the cloud while reducing overall data volumes**, driving efficiency and cutting overall data lifecycle management costs. We help you leverage **Microsoft Purview** and move fully into **Microsoft 365**.

We specialize in legally compliant data migration, utilizing our extensive experience to uniquely focus on legal workflows and prevent data loss.

1

Ensure secure migration, prevent data loss by capturing legal holds, retention, & compliance policy requirements.

2

Support customers in configuring the destination M365 tenant to meet these requirements.

3

Handle specific external data by scanning, labeling, and integration with Microsoft technologies.

4

Provide expert advisory on supporting Microsoft Purview technologies.

Epiq solutions

Epiq provides a complete set of Information Governance, Compliance, and eDiscovery service and technology solutions coordinated globally. These solutions can augment your use of Microsoft Purview capabilities with a battle-tested selection of on-demand and managed service options spanning the entire data lifecycle.
