

## **BizzScopeAI**

### Description:

Unlock the power of advanced data analysis with our cutting-edge app, designed to revolutionize the way you approach project assessments. Introducing our latest innovation built on state-of-the-art Generative AI technology – your key to intelligent decision-making without the complexity. This app is poised to transform your project evaluation experience, leveraging the prowess of GPT-4 working seamlessly in the background. It allows you for inputting documents of different format which then are analyzed by our app and provides you with a valuable summary of the key piece of information.

### About:

Welcome to [BizzScopeAI], where groundbreaking technology meets effortless analysis. Our mission is to simplify and enhance your decision-making process by harnessing the capabilities of Generative AI. With GPT-4 at the core, our app is engineered to provide you with a sophisticated and intuitive platform for project assessments, without the need for intricate analysis.

### Key Features:

1. **Generative AI-Powered Analysis** BizzScopeAI utilizes the latest GPT-4 (Azure AI Engine, Azure AI Search) technology to generate insightful analyses, offering a comprehensive view of project viability and potential hurdles.
2. **Intelligent Decision Support:** Say goodbye to cumbersome decision-making. Our app empowers you with the information you need, intelligently curated by GPT-4 to streamline your project evaluation process.
3. **User-Friendly Interface based on React and Fluent UI library:** Navigate through complex project data effortlessly with our user-friendly interface. GPT-4 works diligently in the background, presenting you with clear, actionable insights.
4. **Secure and Reliable:** Trust in the security of your data. Our app ensures that your sensitive project information is handled with the utmost confidentiality and reliability. The data is stored in Azure Blob, Search AI, Cosmos DB and preserves the chat history.

Embrace the future of analysis with BizzScopeAI. Discover the ease of decision-making, supported by the unparalleled capabilities of Generative AI. Download now and elevate your project assessments to new heights.

**Esatto:** Esatto is a digital agency that works to strengthen companies and organizers' own abilities. A prerequisite for being able to create human value in a digital society. Esatto is a part of Dizparc.
