

In the hybrid world of work, organisations need to embrace flexibility, empowering people to collaborate from anywhere.

Microsoft Teams Rooms bridge the gap between in-person and remote attendees, ensuring everyone can be seen, heard, and be fully engaged.

ESCO for Microsoft Teams Rooms

30+ years of AV experience

As a purveyor of integrated technology solutions for over 30 years, we work with renowned technology partners to provide world-class solutions.

Dedicated Customer Success Team

Our Team of Microsoft Specialists is in charge of ensuring that our customers receive the best commercial agreement possible, assisting them in realizing the value of their investment and achieving maximum success with their Microsoft solutions.

Professional Microsoft Certified Specialist

Our Team of Microsoft Certified Specialists will support you in installing, implementing, configuring and training your team on Surface Hub Devices and Teams Rooms.

Quality Control

We constantly deliver excellence in every installation and deployment to ensure that we provide solutions of the greatest quality.
