EUROPEAN CODE FACTORY

WE PROVIDE AGILE DEVELOPMENT TEAMS AS A WHOLE IN THE FORM OF SO-CALLED TEAM LEASING.

● You don't have to build complicated developer departments. Our teams will bring their tools, processes and experience.

● We will flexibly respond to your capacity needs by our dedicated teams, depending on the schedule of your projects.

● The team adapts to the technological needs of your development, there is no need to plan trainings for new technologies and procedures, everything is directly reflected in the development schedules. The team will regularly prepare the schedule update for you.

● You get a modern, highly qualified team to meet your goals, so you can focus on the requirements of internal and external customers and rely on them to be implemented according to approved schedules.
