Put Knowledge to work with Viva Topics

Discover Microsoft Viva Topics to harness collective knowledge and expertise within your organization to foster easy reach to right information and create an ever-growing corporate knowledge base.

Why exe?

Exe can help you envision your desired state - one that encourages greater information growth within your organization by bringing knowledge to users seamlessly and connecting knowledge to subject matter experts. Our team will work with you to understand your priorities, challenges and culture to design a solution that meet your needs by:

- ❑ Focusing on **building a practice** of information collaboration and knowledge management.
- ❑ **Fostering connection** between teams and information with community of experts at core.
- ❑ **Coaching knowledge managers and topic contributors** to easily access and curate content for corporate knowledge base.

Get started today with
Microsoft Viva Topics

- Improve business productivity such as speed-up time to onboard new employees
- Use AI to reason over your organization's content and automatically identify, process, and organize it into easily accessible knowledge
- Reduce duplication of effort by making knowledge available in the flow of work
- Find information easier and people quicker
- Prevent knowledge loss due to employees retiring or leaving for competitor

Approach & Deliverables - How exe can help you in your journey:

Plan

- **Identify and prioritize** Viva Topics scenarios and knowledge management metrics, high priority topics and source sites to mine for topics.
- **Assess knowledge culture** and help build curation model.
- **Plan** awareness and role enablement activity and Early Adoption program (EAP).
- **Setup and configure** tenant, permissions, topic identification and help kick start topic curation.

Implement

- **Launch** awareness campaign and KM role enablement activity.
- **Implement** EAP and monitor via reporting to review impact of EAP program.
- **Reporting** of impact via business value, usage, internal success stories.
- **Identify** improvement with feature requests and update launch plans.

Measure

- **Expand** management of topics across independent business units.
- **Develop** broader crowd-sourcing plan for topics and prioritization for curation activities for e.g., impressions and quality scores.
- **Drive adoption** and change management initiative to realize the value of your investment in Viva Topics.

Make learning a natural part of your day with Viva Learning

Discover how Microsoft Viva Learning helps organizations drive upskilling and growth with a center for Learning in Teams and Microsoft 365. Empower employees to make learning a natural part of the day by bringing learning into the flow of work within the tools and platforms they already use. Discover, share, recommend, and track learning across a variety of sources with Viva Learning.

Why exe?

With an extensive employee experience practice, **exe** will help you create a center for learning in Teams where people can discover, share, and track learning from libraries across an organization (LinkedIn Learning, MS Learn, a company's own content, and 3rd party providers) to empower employees to make learning a natural part of their day. Our team will work with you to understand your priorities, challenges, and culture to design a solution that meet your needs.

Get started today with **Microsoft Viva Learning**

- Integrate learning into the tools and platforms where users already spend their time with Microsoft Teams and Microsoft 365
- Bring together learning content and tools from different sources in one central hub
- Find the right content and discover new skills with personalized recommendations and search

Approach & Deliverables - How **exe** can help you in your journey:

Deployment

- **Configure learning sources** and systems of record by connecting the learning content providers and management systems.
- Configure SharePoint as a source to **connect to your custom-built and User Generated Content (UGC)**, leveraging Viva Learning's SharePoint connectors.

Adoption and Managed Services

- **Drive trainings and guidance for leaders** and managers on fostering a learning culture and maximize investment.
- **Set up a governance process** to review UGC and approve for inclusion in the organization's learning library.
- Ensure fresh content is featured in Viva Learning by **managing your content services and targeting the right groups within the organization.**

Strategic Consulting

- Provide guidance to leadership team on **strategy to reinforce learning as a value add for your employees.**
- **Advise** on how to rationalize existing learning investments by identifying the key content sources that have the most impact on employee learning.
