

Analytics-as-a-Service for Growing SMBs

About Exelegant /Microsoft Power BI Platform:

Exelegant Managed Power BI Fabric is a turnkey, subscription-based BI service for small and mid-size businesses that need insights, not infrastructure. We ingest data from QuickBooks, CRM, Excel, SQL, Google Sheets, Shopify, and more; clean it; and publish interactive Power BI dashboards your team (or clients) can trust—all on Microsoft's secure cloud.

What we offer

Free discovery session included!

Why SMBs choose us

- Zero setup, zero servers – Exelegant provisions Fabric, pipelines, and workspaces on day 1.
- Custom KPIs in days – We design metrics that match your P&L, sales funnels, and ops targets.
- Always up-to-date – Automated refreshes keep numbers live; no more version-control chaos.
- Flat, predictable pricing – Plans start at \$500/month—no hidden compute or license surprises.
- Enterprise-grade security – Dedicated workspace, encrypted storage, and compliance best practices.
- Human help on tap – US-based analysts ready for tweaks, new data feeds, and “what-if” questions.
