

TrustElements (TE)

TE is a Cyber Risk Management, Cyber Risk Quantification, and Compliance Management

App 1.0

TrustElements' Dynamic Cyber Risk Management (DCRM)

2.0M Deficit

2.0M

4.0M

Real-time data with adaptive cyber risk prioritization

Manage risks via a quantified dollar value

Automate mitigation, acceptance, or transference of risks based on your risk appetite

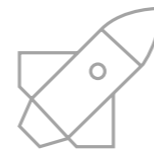

Cyber Security Breaches are inevitable

Cybersecurity breaches disrupt business operations, damage a company's reputation and erode customer confidence.

Primary challenges

Breaches are reaching an all-time high. The frequency and sophistication of cyber attacks have increased exponentially in recent years.

Ideal solution

Business executives need to be actively involved in understanding and managing cybersecurity risks to safeguard the organization's interests.

Desired outcomes

We're empowering cybersecurity teams to make the right choices in the age of cyber risk uncertainty.

Invest into your Cybersecurity based on Quantified Dollar Risk

Simple Reporting to Business Stakeholders

Trusted by

“In today’s environment of increasingly sophisticated criminal attacks, our mutual customers rely on proactive solutions such as TrustElements to help protect their organizations from cyberthreats...”

Ryan McGee,
Director of
Product Marketing for Security

Exelegant, TrustElements, and DCRM

Our Dynamic Cyber Risk Management product is here to make that task simpler and more efficient. With real-time threat monitoring, risk prioritization, and automated response capabilities, we help businesses stay one step ahead of cyber threats.

Integration with different risk models

Our integration with risk models like FAIR & CVaR quantifies potential losses, enabling informed decision-making and effective resource allocation

Dynamic Cyber Risk Management

It supports compliance with various cybersecurity regulations, safeguarding your business from penalties by reducing potential losses, etc.,

Effective communication

More effective communication with insurance carriers, leveraging risk data and insights to negotiate favorable terms and coverage options.

Customer success: We are proud to be a Trusted Partner

“TrustElements has become our trusted business partner and completed migration on time, alleviated hosting responsibilities, and gave us capabilities to enable team productivity and data security.”

Kevin Hannigan, President, ACC Inc.

▶ **Robert Florescu,
CISO, CityMD**

“TrustElements helped our company migrate from G-Suite to Microsoft Office 365 with zero downtime and zero data loss.”

▶ **Bruce Lucarelli, CTO,
DermOne**

“Switching to TrustElements has been a major contributing factor to the growth of our group. We really value our employees' time and productivity.”

▶ **Alexey Gololobov, CFO,
Columbus Hospital
LTACH**

“Their experience in a wide range of projects and solutions, and management of vendors has made a tremendous impact on our efficiency.”
