

# Exult – Microsoft Fabric Workshop

<b>Consulting Service Name: Microsoft Fabric Workshop: Unlocking the Power of Lakehouse, Data Warehouse, Data Science, and Delta Lake</b>
<b>Objective</b>
The workshop aims to provide an in-depth understanding of Microsoft Fabric's advanced features, including Lakehouse, Data Warehouse, Data Science, and Delta Lake. Participants will gain hands-on experience with the tools and learn how to integrate these components to enhance data processing, management, and analytics capabilities within their organization.
