Overview

- A Finnish data consultancy founded in 2024 by experienced industry experts
- Our core expertise is Microsoft Fabric, and Microsoft is our strategic partner

Our Data Services

- **Data-driven business:** Data strategy, roadmap
- **Data architecture:** Data modeling
- **Data platforms:** Microsoft Fabric
- **Data applications:** Power BI, Qlik, AI

Why Fabric Fastlane with Us?

- Faster time-to-value: launch a working pilot in days
- Proven best practices: medallion architecture, pipelines & notebooks
- Consistent quality & AI-readiness

Fabric Fastlane

- Accelerate your Microsoft Fabric journey with **Fabric Fastlane**, Fabriq's proven pilot framework. Instead of Proof of Concepts, Fastlane delivers a ready-to-use Fabric pilot based on best practices, medallion architecture, and reusable templates – providing faster time-to-value and a solid foundation for scaling.

Pilot Phases

Phase 1: Discovery

- Define business challenges, assess architecture, plan scope & requirements

Phase 2: Pilot Implementation

- Integrate sources, build medallion architecture, create pipelines/notebooks, deliver Power BI integration, validate business value

Deliverables

- Fabric pilot environment
- Data pipelines & notebooks
- Medallion-based data warehouse in Fabric
- Initial Power BI reporting
- Pilot validation & roadmap
