

FabriQ

T H E
D A T A I Q
C O M P A N Y

Overview

- A Finnish data consultancy founded in 2024 by experienced industry experts
- Our core expertise is Microsoft Fabric, and Microsoft is our strategic partner
- Proven Data iQ Discovery framework to guide your seamless Qlik to Fabric transition

Our Data Services

- **Data-driven business:** Data strategy, roadmap
- **Data architecture:** Data modeling
- **Data platforms:** Microsoft Fabric
- **Data applications:** Power BI, Qlik, AI

Why Qlik to Fabric with Us?

- Clarity & predictability: clear plan with scope, timeline, and cost estimate
- Maximize reuse of Qlik assets
- Modern Fabric architecture & AI-readiness

Qlik to Fabric

- Based on hands-on experience, we have developed the Data iQ toolkit to enhance and improve our customers' data practices. The phased **Qlik To Fabric** approach helps organizations transition to Microsoft Fabric in a cost-efficient way, while maximizing the value of their existing Qlik investments.

Discovery (Assessment Phase)

Qlik Review

- Fabric Readiness
- Qlik Frontend & Backend

Microsoft Fabric Solution Design

- Qlik data pipeline in Fabric
- Power BI Design
- Implementation RoadMap & Project plan

Deliverables

- Fabric Readiness Assessment & Report
- Solution Design Blueprint (incl. governance & security recommendations)
- Migration Roadmap with cost estimate
