A system that *works*.

SIX CORE FEATURES
factorfox.com/features

01/06

All In One Platform.

Receivables, client onboarding, credit checks, payments, and reporting run from a single cloud native platform. **No bouncing between tools.**

CLOUD NATIVE

02/06

Generative AI Automation.

Built in AI classifies documents, flags errors, and preps invoices instantly. **Manual review and decision lag drop to zero.**

AI NATIVE

03/06

Client Portal & App.

Clients upload documents, track funding, and message your team in real time through a branded portal and mobile app. **No more "where's my money."**

MOBILE + WEB

04/06

Real Time Risk.

Live data, machine learning, and behavioral models surface who's funding, who's stalling, and who's double brokering. **Catch risk before it lands.**

LIVE SIGNALS

05/06

Built for Every Vertical.

Powers transportation, construction, staffing, manufacturing, medical, and ABL. FactorFox handles **high volume across any vertical** with the same speed.

INDUSTRY AGNOSTIC

06/06

Integrations Ready.

Connects to **QuickBooks, ACH platforms, credit bureaus, banking partners, and industry data sources** out of the box. Your data flows where it needs to, automatically.

PLUG AND PLAY
