Cross-Platform Governance, Risk, and Compliance

Fastpath's software works with multiple ERPs and business software. Our products work cross-platform — meaning if you use SAP or Oracle for your ERP, and Salesforce.com for CRM, Fastpath can pull in all the data and analyze your risks across the systems on one dashboard.

coupa · Microsoft Dynamics · SAP · ORACLE E-BUSINESS SUITE · PeopleSoft · salesforce

ORACLE Cloud · ORACLE NETSUITE · JDEdwards Enterprise Software · workday. · SailPoint · servicenow

Segregation of Duties and Security Access Reviews
