Dynamics 365 Business Central System Evaluation

To help you with your system selection, this evaluation process is designed to give us both a clear understanding of the systems to be implemented and the corresponding benefits of the partnership.

The System Evaluation will involve a Discovery Session with your management and business experts and conclude with a bespoke demonstration and implementation proposal.

Discovery Agenda

- Understand your current processes
 - Identify deficiencies, limitations, and irritations in the current systems
 - Pick up terminology,
 - Obtain sample reference data (customers, suppliers, products, chart of accounts, etc.)
 - Obtain samples of key forms (sales order forms, invoices, purchase orders, statements, etc.)
 - Obtain samples of standard reports (P&L, Sales Analysis, Inventory valuation, etc.)
 - Obtain the key reports you use to run the business
 - List the business functions to be included
- Identify your key success factors
 - How will you know if the project is a success?
 - Can we quantify this?

Deliverables

- Bespoke presentation of Dynamics 365 Business Central
- Proposal for the implementation of Dynamics 365 Business Central including:
 - Implementation Process & Methodology
 - Software and Hosting Investment
 - Implementation Services Investment

*Alternatively, if Business Central is determined as not suitable, we will provide a recommendation for alternative products
