

# Blue Cycle LLC

## Our mission

Blue Cycle works with leading enterprises to innovate how they secure their environment. We are able to take these learnings and bring them to SMB/SME clients to quickly level up their cybersecurity posture.

Assessing your Microsoft Defender Secure Score is a starting point to securing the basics (and then some). We also include additional recommendations based on what drives your business to succeed.

With our Secure Score Assessment offered over the period of 1 week, we will provide clear, prioritized, business specific guidance to improving your security posture, increasing your secure score in the process.
