First Digital

Drive Employee Engagement with Viva Connections

Discover how Microsoft Viva helps organizations build meaningful connections by enabling employees to easily discover relevant communications, communities and tools.

Why First Digital?

VivaNow! by First Digital is designed to accelerate your Viva Connections implementation of your existing SharePoint Intranet embedded into Microsoft Teams to create an integrated employee end user experience. In today's world, employees want more flexible remote work options, and meaningful in-person collaboration. Empowering people to thrive in a more flexible work world requires rethinking everything. That's where Microsoft Viva comes in!

Get started today with Microsoft Viva Connections

- Build meaningful connections via accessible communities and empower employees to contribute ideas/feedback
- Evolve your intranet into a central hub with easily accessible content and targeted updates powered by Microsoft Teams
- Plan for a customized employee dashboard providing quick and easy access to company resources from any device

How First Digital can help you in your journey:

Viva is the first step in placing people at the center by bringing together systems of work with systems of support into an integrated employee experience. Implementing Microsoft Viva means investing in an Employee Engagement Experience that centralizes Microsoft Teams as the Hub of your modern workplace by serving communications, knowledge, learning, resources, and insights. There has never been a bigger need for technology, data and insights that are designed to enable a great employee experience regardless of your location. Choose from the available offerings below to start your journey today:
