

## Unleash all the productivity in Microsoft 365

Microsoft 365 is the number-one cloud-based productivity suite. It includes powerful tools for communication, collaboration, and content creation, but is not designed to quickly and easily restore lost, deleted, or corrupted data to ensure ongoing productivity. Cloud Backup empowers your customers to get the most out of their Microsoft 365 investment by protecting their data and productivity across the Microsoft 365 tenant.

### Microsoft 365

#### Empowers productivity

Always-on email, collaboration, and communication  
Office applications  
Add-on compliance-related features available  
Limited retention

### CLOUD BACKUP

#### Protects data and productivity

Up to 6 automated backups per day  
Easy setup and configuration  
Unlimited backup and retention  
Fast search and one-click restore
