# I Disclaimers & Disclosures

## Confidentiality & non-distribution

**This Presentation has been prepared from information, estimates and assumptions provided by the management of the Company ("Management") and other sources believed to be reliable.** Nothing contained in this Presentation is, or shall be relied upon as a promise or representation by the Company as to either past or future performance of the Company. The contents of the Presentation have not been independently verified by Management or the Company and any of their respective affiliates, employees or representatives expressly disclaims any and all liability relating to or resulting from the use of this Presentation, or such other information as may be provided, whether communicated in oral or written form, to a potential Buyer or any of its affiliates or representatives. The recipient expressly understands and agrees that any estimates, projections and assumptions are uncertain and accordingly, no representation can be made as to

their attainability. Only those representations and warranties made in a definitive, written agreement and subject to such limitations and restrictions as may be specified therein, shall have any legal effect.

Use of this Presentation is governed by the terms of a signed confidentiality agreement (the "Confidentiality Agreement"), which strictly limits the use, circulation and reproduction of the information embodied herein. Any person in possession of the Presentation should read and understand such Confidentiality Agreement before reading the Presentation. The presentation may not be reproduced or distributed to others in whole or in part. Recipients of the Presentation are bound by the Confidentiality Agreement and acknowledge and agree that all of the information contained herein represents Confidential Information pursuant to the Confidentiality

Agreement, is of a strictly confidential nature, that they will not, directly or indirectly, disclose or permit their directors, officers, employees, or representatives to disclose, such information and that they will use the Presentation and any related information only to evaluate a specific transaction ("Transaction") with the Company and for no other purpose.

The Presentation is not intended to provide the sole basis for the evaluation of the Company or any other evaluation and does not purport to contain all of the information that may be required to evaluate the Transaction. Each potential Buyer must rely on its own appraisal of the Transaction and its own independent verification of the information in the Presentation and any other investigation it may deem necessary for the purposes of determining whether to submit a proposal in connection with the Transaction.

---

**Receipt and review of these materials constitutes acceptance of the terms and conditions of the Confidentiality Agreement.**

# | Cyderes Overview

# About Cyderes

**ROBERT HERJAVEC**  
Chief Executive Officer

// *Cyber threats are accelerating like we've never seen before, and large enterprises are struggling to provide their own security. We act as custodians of our customers' information security, so that they can focus on growing their business.*

## The global cybersecurity industry powerhouse

Joining the leader in managed security services and co-managed SIEM (Herjavec Group) with the #1 cloud-native security-as-a-service solution provider (Fishtech Group) in late 2021.

- + 800-plus employees; 100% cybersecurity-focused
- + Recognized as one of the industry's most innovative cybersecurity companies

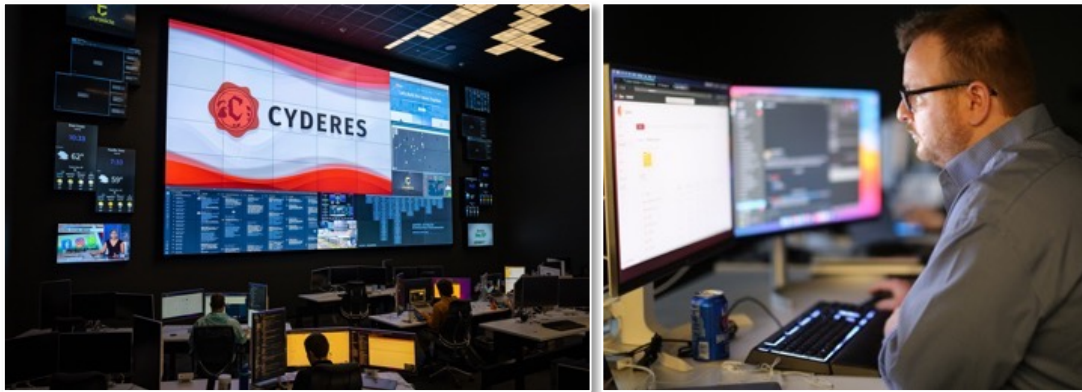

## The Cyderes Advantage

- ✓ Comprehensive solutions
- ✓ Broad subject-matter expertise
- ✓ Speed and agility in complex environments
- ✓ Flexible delivery models
- ✓ Long-term security partnerships

## Recognized industry-wide

# Security Operations Centers Worldwide

Expertise across industry and regional requirements, servicing enterprises around the world, offering:

- + 100% remote service delivery model run by a global talent footprint across six modernized SOCs
- + Among the largest managed security engineering teams under one roof
- + Outcomes-based offerings with global perspective

## Six State-of-the Art SOCs

Designed for large, complex multi-technology enterprise environments

## Highly Certified

SOC 2 Type 2 certified; FED cleared

## 24/7 Operations

Hot-hot, geo-redundant, secure, auditable, remote access

## Flexible Options

On-premises, hybrid, and cloud solution support

## Flexible Delivery Models

Full admin, shared admin, monitoring-only

## Tightly Integrated

Facilitates automated orchestration and response to remediate threats

## Specializations: Cloud Security & Threat Protection + ECIF Green

The image features a graphic with a dark background and various colored squares. At the top left is the Cyderes logo, a red seal with a 'C' and 'D' inside, followed by the word 'CYDERES' in bold black letters. Below this, the text 'Cyderes Earns Security Specializations in' is written in bold black. Underneath, 'Threat Protection' is in a red box, 'and' is in black, and 'Cloud Security' is in another red box. A white box on the right contains the Microsoft logo (four colored squares) and the text 'Microsoft Solutions Partner Security'. At the bottom, a blue banner contains the text 'Cyderes is proud to be ECIF Green.' in white.

and **Cloud Security**

**Microsoft**  
Solutions Partner  
Security

**Cyderes is proud to be ECIF Green.**

Cyderes is thrilled to be a **Security Designation partner of Microsoft** and we're excited to announce the attainment of security **specializations** in **Threat Protection** and **Cloud Security**, which will further enable us to accelerate our clients' business outcomes.

Whether leveraging your existing Microsoft investment in your current security suite or building your service on the Microsoft stack, we've got you covered 24/7 to help **maximize your investment and success!**

## | Full E5 Security Stack Support

Cyderes helps support your customers and prospects get the most out of their E5 investment as we bring expertise on all Microsoft security tools, including Sentinel and Defender.

- **Maximizing ACR consumption on E5**
- Helps drive the conversation for your customers that have E5 but are not using the security tools.

Cyderes creates simplicity and stickiness with your customers.

# Capabilities (Pg 1 of 2)

E5

## Advisory Services

- Evaluation of current Azure and M365 use cases
- Identify security gaps
- Analyze existing security controls
- Develop Microsoft security dashboards
- Develop Microsoft security adoption roadmap

Sentinel

## Professional Services

- Review of data sources and data connectors
- Creation of reports and workbooks
- Build analytic rules and playbooks
- Optimize environment
- Build and operationalize SOAR

Defender

- Solution deployment and integration
- Alert tuning and optimization
- SOC integration for alert and triage services
- Advisory and architecture services
- Zero-trust architecture solutions
- Remediation planning
- Defender for Containers deployment and integration services

Purview

- Provides unified Data Governance
- Implement Data Loss Prevention throughout the Microsoft stack and enterprise
- Ensure data compliance and information protection regulation

Azure

- Risk-based approach that focuses on how each client consumes the cloud
- Assess cloud environments against regulatory standards
- Maturity and capability review of each domain of cloud security
- Develop cloud security dashboards and roadmap
- Azure and Entra ID health and architecture services

- SOC alert and triage services
- Incident response capabilities
- Optimize environment
- Ongoing platform management
- Alert tuning and optimization
- SOC alert and triage services
- Incident response capabilities
- Managed Defender for Cloud
- Ongoing Data Governance services
- Managed Data Loss Prevention throughout the Microsoft stack and enterprise
- Ensure data compliance and information protection regulation
- Managed directory services
- Identity governance and privilege identity services

# | Cyderes Differentiators

## I Non-Traditional Microsoft Partner

Unlike **traditional Microsoft** partners **with only** expertise **only** in **Microsoft**, **Cyderes** has been managing your competitors technologies for years. **Experienced in platform migration to Microsoft.**

Most **current** Sentinel / Defender Managed Services partners only offer **Detection & Response**, so they are either in your account **-or-** need you to bring them in.

**Cyderes** is a complete security solutions provider. **Trusted by our clients to advise and provide insight on where Microsoft meets their security needs.**
