

FMS Group
Financial Management System

Milano, Luglio 2019

WHO WE ARE

FMS Group is a Fintech who works, since 1980, both for **banks** and **companies** developing a unique know-how about the relationship between these two «worlds».

We aim at a **high level of innovation** following both technological and International Cash Management developments.

We invest in R&S over 15% of turnover to maintain a high level of innovation in our products.

FMS Group staff is extremely competent on **Tresury, Cash management, Collections & payments and Reconciliations** issues.

OUR PRODUCTS

SGAT: business treasury for medium-large size companies

GATEWEB: cash management

MATCHWIN: takings automation (credit transfers, pos, web..)

RIESCO: universal flows reconciliation

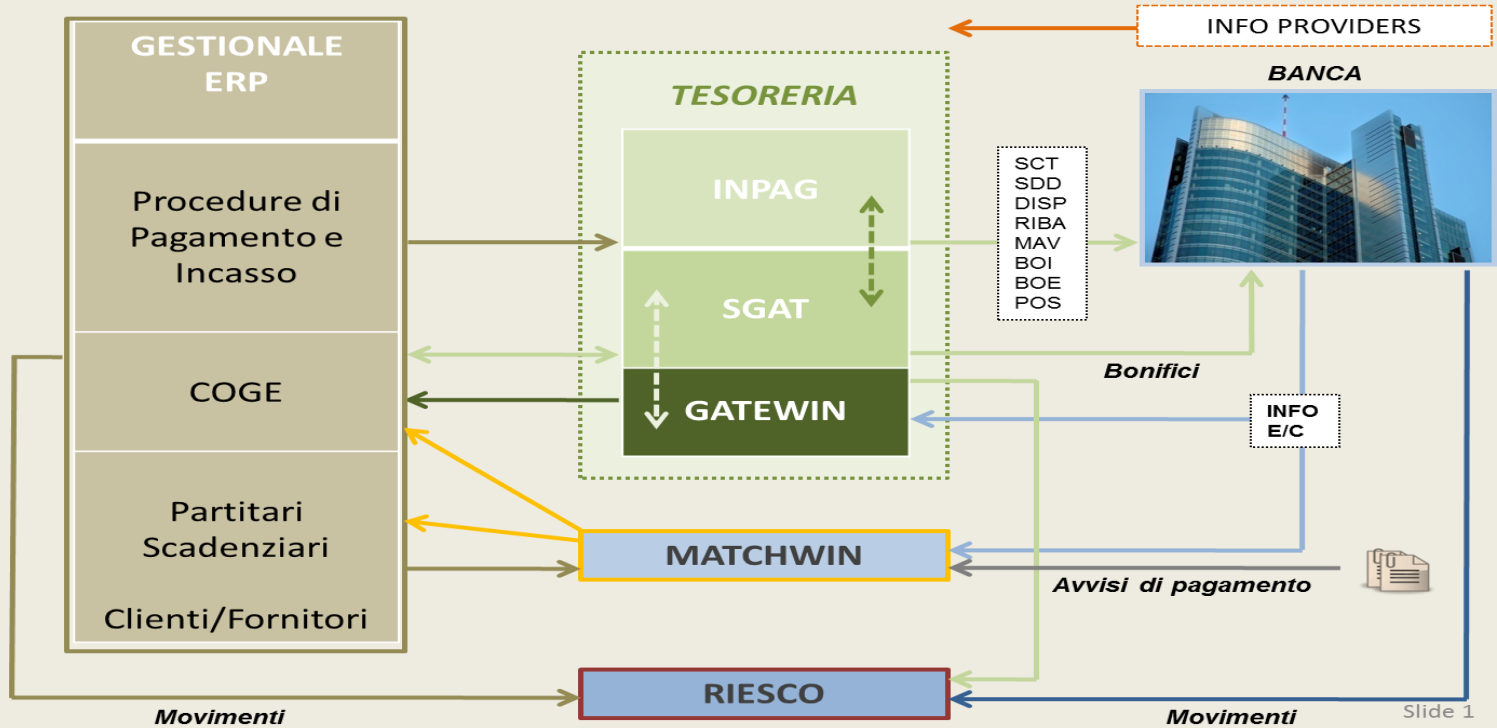

INPAG: centralized management of takings and payments

LIQUIDA: reciprocal accounts

One of our top skills is to integrate our financial software with all of the most widespread erp systems for medium-large sized companies.
