

# FOGHORN VNET IN A BOX<sup>SM</sup>

- QUICK AND SECURE
- FOUR STEP PROCESS
- READY TO GO
- BEST PRACTICES
- HAND-OFF

FOGHORN

Our process enables you to move to the cloud quickly, securely and without doing it yourself.

## STEP 1 DISCOVERY

Understand security, compliance, latency, architecture, networking, ...

## STEP 2 DESIGN

Create a VNET design optimized for your business needs.. Review. Iterate. Approve.

## STEP 3 IMPLEMENTATION

Code up a custom VNET configuration in Terraform and deploy to your account. Test. Test again.

## STEP 4 HAND-OFF

Training session and on-demand concierge. Deliver keys to your team.

✓ Virtual Network Connectivity

✓ Custom Routing

✓ Network Security Groups

✓ Azure Identity Management

✓ Resource Manager Templates

It's ready-to-deploy. Are you?
