A ONE-STOP Library Collection Analysis and Ordering Experience

MANAGE

Catalog, search and access library resources 24/7 on your laptop, tablet or smartphone with Destiny® Library Manager.™ Students can check out digital books from home or school.

Follett offers these tools so your collection gets the attention it needs.
Curating and ordering the right content for your collection is an important step in supporting every learner in your school. It makes sense to have all the tools you need in one place, all with quality resources from the best publishers.

BROWSE & ORDER

Browse millions of resources on Titlewave® with a free account. It's the most powerful tool for building your collection. Create a list of titles and share with other users. Ordering from lists is easy, too.

ANALYZE

Using Destiny Library Manager and TitleWise™, you can analyze your collection using your MARC records. Find gaps and weed out old titles.

Circulation Desk

Reading Corner

CONNECT

Content Alignment Services is a team of experts who create customized lists based on your content gaps and needs – and it's free!

COLLABORATE

Work with teachers at your school to understand the lessons and topics they're teaching. Use the TitleWise analysis to showcase the library resources that support curriculum. Add needed materials to your Titlewave wish list.
