RapidStart**CRM** Applications

Our Family of Simple-to-use Applications.

RapidStart**CRM** Apps are what is known as "Model-Driven Power Apps". For comparison, Microsoft Dynamics 365 Enterprise Sales, for example, is also a "Model-Driven Power App".

RapidStart**CRM** Apps can be used as standalone applications on Full Microsoft Dataverse Environments.

The minimum Microsoft License that RapidStart**CRM** Apps can run on is a Microsoft Power Apps license, but not the Power Apps versions that are included with Microsoft 365, those are limited licenses.

What will you need?

A Minimum of (1) *Power Apps Per User* license ($20/month), and any number of *Power Apps Per App Passes* ($5/month each). These can be obtained from your Microsoft Partner, directly from Microsoft via the Online Services Portal, or we can provide them.

If you already have **Dynamics 365** licenses, including *Enterprise Sales, Sales Professional, Enterprise Service, Service Professional, Dynamics 365 Marketing, Dynamics 365 Field Service or Dynamics 365 Project Service Automation,* RapidStart**CRM** Apps can run with those licenses as well.

Free Trial and Installation Instructions

We created a document outlining the Steps to get a free trial of Power Apps, as well as installing RapidStart**CRM** here: https://rapidstarthub.com/the-original-rapidstartcrm-installation/
