Viva Connections Starter Package

Drive understanding in Viva Insights & gain buy-in with executives and key stakeholders

*Key Benefit:
Align the business objectives and vision to leverage Viva Connections*

Engagement Context

- Executives would like to explore how Viva Connections can be best leveraged in the organization context to achieve business goals

- FRONTIS can help accelerate the "crystallization" process and align the vision to address organization pain points through Viva Connections

Key Activities

- Prepare content to introduce Viva Connections including customer case studies, tool capabilities, etc.

- Set up a demo to showcase Viva Connections samples

- Conduct a half-day exploration workshop with customers to understand the tool and generate use cases specific to the business needs

- Duration: 1-2 weeks
