

Fujitsu

WVD with Citrix Virtual Apps and Desktop - Implementation

Fujitsu's Windows Virtual Desktop with Citrix Apps and Desktop Implementation is perfect for organisations with applications hosted in the cloud looking for a fast and reliable way for their users to access their applications securely from any device.

WVD offers advantages including the new **multi-session Windows 10** capabilities, **extended support** for desktop operating systems, and **optimisations** for Office 365 Pro Plus.

Combine with Citrix Virtual Apps and Desktop for the **best end-user experience through Citrix HDX** optimisations.

Experience virtualisation solutions that give control of virtual machines, applications, and security while providing **anywhere access for any device**.

Common use cases

Security: high data integrity & compliance. E.g. financial institutions / offshoring.

Legacy Applications: access to apps that need to run on older versions of Windows.

Mobility: access applications & data from a variety of devices. E.g. health / large sites.

High Performance / Challenging Applications: Remote & mobile access - no need for expensive single purpose devices.

BCP: Scale up quickly by allowing BYOD and using a public cloud hosting platform.

What's included?

As part of the service Fujitsu will **configure, maintain and manage** virtual desktop infrastructure, master images, published virtual application and desktop workloads, load balancing, user profile management, and security updates.

This **fully managed** service is delivered as a **consumption based** commercial model with a **minimal commitment** and **choice** of public and private cloud.

Key business outcomes

- ❖ Improved user experience through easy **access** to apps and data leading to more **engaged** staff
- ❖ Increased staff **mobility** leading to **productivity** and **retention**
- ❖ **Security** compliance and improved data **integrity**
- ❖ Mobile staff, applications and data and the ability to **scale up** and down provide genuine business **agility**.
