

Your Microsoft Dynamics partner in retail!

Fujitsu is a gold partner with Microsoft. We are also a leading provider of retail solutions worldwide.

Fujitsu, Microsoft & Retail

Fujitsu is a gold partner with Microsoft. We are also a leading provider of retail solutions worldwide with a long history within the industry. This is just a few of several reasons to choose us as your partner when you want to get the optimal exchange of Microsoft D365.

The best choice

- **Reduce the number of third-party applications and integrations** - Use Microsoft's own and modern e-commerce platform and POS applications that is fully integrated toward Dynamics 365 ERP backend.
- **Increase sales and opportunities** - let data flow uniformly and seamlessly between business systems and sales channels. Microsoft's platform, applications, cloud technology and AI allow you to quickly follow up on insights and act on data.
- **Centralize sales channel processes** - Control prices, product range, loyalty programs and campaign management from the same place to quickly achieve consistency across different sales channels.
- **Improve logistics and inventory balances** - Built-in frameworks and functions for order management and order fulfilment, regardless of sales channel.
- **Keep up with development** - Full support and constantly new updates and functions ensure that you are equipped for tomorrow's customer needs. If something is missing, we will help you develop and tailor it as needed.

Customer Experience

Provide an enhanced, uniform and flexible customer experience.

Remove borders and possibilities with seamless ERP, E-commerce and store integration.

Microsoft and Fujitsu ensure stability, support and continuous updates.

Fujitsu is one of the world's largest IT services company that provides with everything from Dynamics applications, web and app development, in-store infrastructure design, to field service in the form of maintenance and support.
