

# Release the power of your users with Fujitsu Digital Experience

Fujitsu is a Microsoft Gold Partner and a global leader in Digital Transformation

## The Opportunity

Digital Transformation, the Cloud and the Servicification of IT have accelerated the capabilities of user centric omnichannel digital experiences. This in turn has increased users' expectations when consuming digital services, regardless of whether it is in the professional role internally or as a private person and customer.

### Solutions

#### Frontline Worker

- Frees up time for frontline workers to focus on customer or their core work task. This is done by digitizing processes, tasks and the information flow by using Microsoft Teams.

#### Microsoft Viva

- Enhances the employee experience and employees' everyday efficiency through the Viva modules Connections, Insights, Learning and Topics.

#### Migration and Modernization

- We transform your legacy and line of business systems to the cloud using proven methodologies and best practices.

#### Support and Application Management

- Your focus is your customers and your employees, we take care of your systems. Our agile service desk helps you on your terms.

#### Co-creation

- Our Co-creating Program helps you to harness the power of collaboration to deliver your unique digital transformation.

## Digital Experience

Digital Experience is Fujitsu's spearhead for Digital Transformation on the Microsoft platform. We combine expertise in business and technology to design innovative digital user experiences that drive business value for your organization. We are a one stop shop, from strategy and design to development, roll out and application management. We take your vision, through co-creation with you, to realizable and cost-effective solutions.
