

Threat Protection Engagement

See the Threats. Secure the Business.
Human Touch, AI Trust

Enhance your organization's security with Microsoft Security, delivered by experts from Fusion Solution – 2025 Microsoft Partner of the Year.

How Secure Is Your Organization Really?

The Threat Protection Engagement is an intensive 4-week security assessment service designed to help your organization identify risks related to identity, email, endpoints, cloud, and data—before they impact your business. The Threat Protection Engagement is an intensive 4-week security assessment service designed to help your organization identify risks related to identity, email, endpoints, cloud, and data—before they impact your business.
