

A close-up photograph of a construction worker's hands using a trowel to smooth a surface of wet concrete. The worker is wearing a dark t-shirt and black sneakers with teal laces. The background is blurred, showing other workers and construction equipment. A blue semi-transparent banner is overlaid on the bottom left of the image, containing the text "Azure Foundation Assessment".

Azure Foundation Assessment

Azure Foundation Assessment

The **Azure Foundation Assessment** is designed to provide **key guidance** on how to meet business and **technology** objectives while leveraging the **Azure cloud platform**.

The assessment captures critical information via workshops and discovery tools.

The background image shows a hand-drawn diagram on a whiteboard. A hand is using a blue marker to draw a circle around a central point. The diagram includes several handwritten labels in different colors: 'Timeline' in blue, 'Workshops' in red, and 'Roles' in pink. There are also some faint, illegible blue markings on the left side of the board. The overall scene suggests a collaborative workshop or meeting.

Timeline, Workshops & Roles

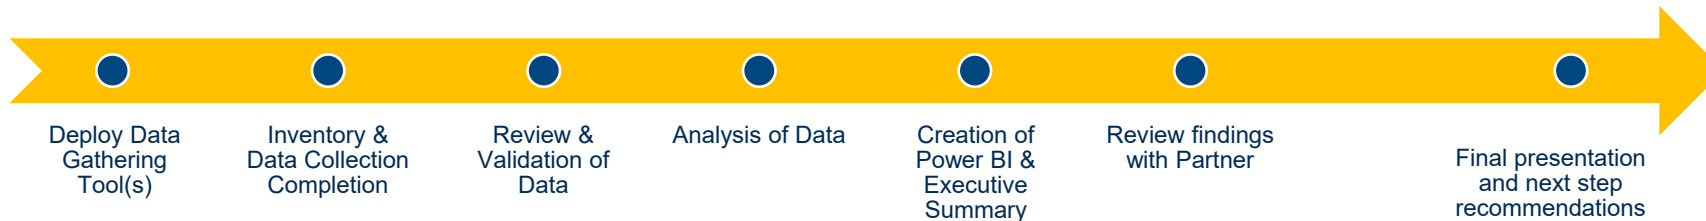

Timeline

The Azure **Foundation Assessment** is funded by Microsoft*

*Conditional to Customer's eligibility and approval by Microsoft.

Timeline:

The Azure Foundation Assessment is estimated to 3-4 weeks based on customer availabilities for the workshops and the execution of the Infrastructure Discovery through the Microsoft Assessment Desk.
