

Passwordless Authentication: Frictionless, Phishing- Resistant Security

Powered by Microsoft Entra ID

No Passwords, No Hassles!

About Us

Neurealm is a technology services partner with an AI-first approach driving transformation through deep tech. With 2,100+ certified healthcare technologists, we empower Healthcare organizations to reimagine operations-enhancing efficiency, modernizing workflows, and delivering superior patient outcomes.

AI-Driven Passwordless Authentication with Microsoft Entra ID

Trusted by hospitals, clinics, and telehealth providers, Neurealm Passwordless Authentication solution strengthens healthcare security, reduces IT overhead, and safeguards against phishing and credential theft.

Designed to fortify your security, it integrates biometrics, FIDO2 security keys, smartcards, and mobile authentication to provide seamless access to critical hospital applications. Powered by AI, it adapts authentication to user behavior, location, and device security, detects threats in real-time, and delivers automated insights for proactive risk mitigation. This password-free approach ensures dynamic, robust protection.

What we offer?

AI-Powered Predictive Insights

Phishing Resistant

Zero Trust & AI Compliance

SSO & Conditional Access

Why Neurealm?

- Microsoft Gold Application Development Partner
- Proven Expertise in AI-driven security solutioning
- Trusted by leading enterprises across various industries
- Compliant with industry standards and regulations

Neurealm

Why Microsoft Azure?

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools

Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a \$1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.
