With flexible work here to stay, Hybrid Meetings are required more than ever.

With flexible work here to stay, Hybrid Meetings are required more than ever. Microsoft Teams helps people stay connected, collaborate seamlessly and simplify work, in a secure and compliant way, all in one place. With Hybrid Meetings, Teams powered by Microsoft 365, businesses can now present and lead groups with confidence.

CHALLENGES

- What does an inclusive team look like when 50% of the team is remote?
- How can one easily scale from small meetings to large groups events?
- How can businesses standardize, simplify and centralize meeting solutions?
- Is there a way to consolidate costs?

IDEAL SOLUTION

- Teams can join from any device, anywhere.
- Businesses are able to use a single platform
- Unified solution deployed across business medias
- Reduction in licensing requirements and expenses.

DESIRED OUTCOMES

- Connected teams, collaborating seamlessly.
- Simplified work in secure and compliant manner.
- Consolidated licensing and management expenses

generation-e Hybrid Meeting Workshop & Microsoft 365

Generation-e supports customers through other Microsoft Teams Room (MTR) programs including Fast Track, Rapid Rooms and M365 Teamwork Assessments, ensuring that all meeting room deployments are done at the highest, consistent standards. We wrap a support and management layer around everything we deploy to ensure customers can continuously and securely meet, collaborate and share. Our MTR solutions are designed with the customer outcomes at the fore, ensuring equity of meeting experiences for all participants, no matter where our customers are located.

The Hybrid Meetings Workshop is a modular engagement to help define your business priorities and scenarios that drive hybrid work. This workshop engagement is designed to showcase hybrid meetings through 'art of the possible' immersive experiences, use case design, and deep dive planning resulting with actionable recommendations to deploy and adopt Microsoft Teams Meetings and Microsoft Teams Rooms.

Reduce risk & Ensure great outcomes

Generation-e prepares the organization to adopt new applications like Microsoft 365 or Teams through. Our experienced and certified change managers use a PROSCI framework.

Change hearts & Minds

Generation-e transforms how your people think about Microsoft 365 and Microsoft Teams to accelerate the value it provides with clear change communication.

Change Communication

Poor communications and bad timing can lead to poor end-user experience. We create custom communications that align with your culture. Regardless of your current communication plan, the Generation-e team can provide messaging and communication strategies to help increase user adoption.
