Transforming meeting spaces with Microsoft Teams; simple to use, deploy and manage.

Transforming your meeting spaces with the Microsoft Teams experience that's simple to use, deploy and manage. 66% of IT decision makers plan to increase intelligent meeting room devices as offices reopen*. It's time to invest in modern productivity to empower your people and enable digital transformation.

CHALLENGES

- What do team meetings look like with a hybrid workforce?
- How can one easily scale from small meetings to large groups events?
- How can businesses standardize, simplify and centralize meeting solutions?

IDEAL SOLUTION

- Teams can join from any device, anywhere.
- Businesses are able to use a single platform
- Unified solution deployed across business medias
- Range of options fit for environment

DESIRED OUTCOMES

- Consistent user experience for all spaces, small huddle to large conference rooms.
- Single touch you get meetings started.
- Collaboration for on the go or in person meetings.
- High-quality experiences with flexibility in choice

Generation-e Modern Meeting Rooms Standards Implementation

Generation-e works with customers to ensure they have the best fit for their organisation. On completion, customers receive **The Modern Meeting Room Catalogue**, which will become a living document as products and technologies will change over time

Day One

- User experience
- Meeting platform and interoperability requirements
- Ease of deployment for existing/retro fit spaces
- Serviceability and support risk

Day Two

- Integration with existing furniture and architecture
- Vendor technology roadmaps and trends
- Lifecycle management
- Workplace safety
- COVID considerations

Day Three

- Corporate and Guest WiFi
- Room Booking and wayfinding
- Appropriate lighting levels or control
- Budget
- Product availability

generation-e + Microsoft 365 **Better Together**

Generation-e enables people to simply and securely meet, collaborate and share. A simple statement but an approach that can make all the difference to our customers. For too long, people in companies have been limited in how they can work together. Generation-e helps improve your team's productivity through value adding technologies that leverage the power of Microsoft's cloud technology.

Transform your meeting spaces from small huddle areas to large conference rooms with a rich, collaborative Microsoft Teams experience that's simple to use, deploy, and manage. With Microsoft Teams Rooms (MTR) you can start meetings on time with one-touch join then instantly share with remote participants in video conferences that come to life. Microsoft Teams Rooms are the ideal video conferencing solution for your organisation

Reduce risk & Ensure great outcomes

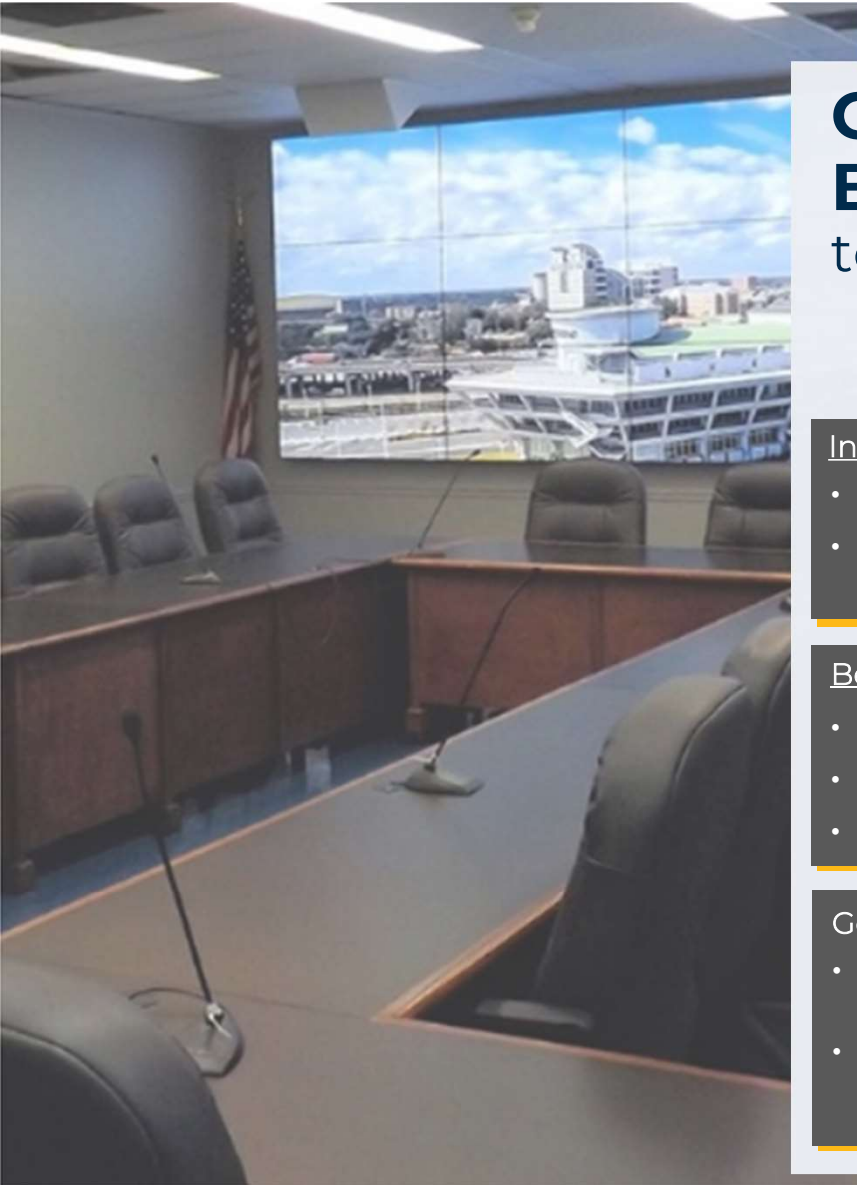

Generation-e prepare the organization to adopt new applications like Microsoft 365 or Teams through. Our experienced and certified change managers use a PROSCI framework.

Change hearts & Minds

Generation-e transforms how your people think about Microsoft 365 and Microsoft Teams to accelerate the value it provides with clear change communication.

Change Communication

Poor communications and bad timing can lead to poor end-user experience. We create custom communications that align with your culture. Regardless of your current communication plan, the Generation-e team can provide messaging and communication strategies to help increase user adoption.

Going the full journey with Bunnings: Bringing customer meetings to life

Pushing Microsoft Teams Rooms and Surface Hub experience into Bunnings 500+ stores across Australia and New Zealand

Innovation at the core

- On screen user guides for Surface hubs
- Meeting equity standards guided by the Microsoft Modern Meetings Success Framework. Rolled out across throughout Australia and New Zealand

Benefits realised

- Ease of collaborating and interaction with external parties increased
- Cost savings identified due to duplication of platforms and licenses.
- Able to discontinue previous platform and migrate fully towards Microsoft Teams

Generation-e + Microsoft = Customer Success

- This unique experience and expertise instilled trust that the partner and solution was fit for purpose and the right strategic decision for Bunnings long term.
- Strategic endorsement and alignment between Microsoft and Generation-e highlighted to the customer they had partnered with a strong team that was going to be with them throughout the entire customer journey.
