

Trusted Business Expertise for Your Copilot

Empower your Microsoft 365 Copilot with expert-curated insights. Build compliant, powerful agents your teams can trust — and put confidence at the heart of every decision.

Why It Matters

- Verified, licensed knowledge from business thought-leaders
- Fully compliant, rights-cleared book knowledge and verified online knowledge
- Direct links to the original, trusted, summarized sources

How It Works

- Quick, secure setup via Microsoft Graph Connector
- Context-aware insights in Microsoft Copilot, Teams, and more
- Secure by design — no data leakage or exposure

Real-World Impact

- Create onboarding assistants that align with company values
- Build leadership coaches that deliver proven frameworks
- Develop strategy advisors that surface relevant market insights
- All inside the Microsoft 365 tools your teams already use

Get the getAbstract Copilot Connector

Trusted knowledge. Seamless integration. Smarter decisions.
