Many of our clients have used multiple backup software applications over their history. If you know all of your legacy systems, please fill in each backup system that you know and the volumes and type of media that you currently maintain. If you do not know the software formats used, where possible, please supply media volumes and types. This can usually be found on your offsite vault storage bill.

System One

Please tell us about your legacy tape data requirements:

Please specify the type of media? (Circle where more than one option is listed)

Qty		Qty	
<input type="checkbox"/>	_____ 9 or 21 Reel Track Tape	<input type="checkbox"/>	_____ Sony AIT1/AIT2/AIT3/AIT4 & SAIT
<input type="checkbox"/>	_____ 4mm DAT, DDS1-5, 8mm Exabyte/Mammoth	<input type="checkbox"/>	_____ Floppy, optical or CD & DVD
<input type="checkbox"/>	_____ 3480/3490/3490E	<input type="checkbox"/>	_____ QIC Tape SLR1-7, QIC DDS1-5,
<input type="checkbox"/>	_____ 3590/3590E/3590H or 3592 Jaguar	<input type="checkbox"/>	_____ QIC TR1/TR2/TR3/TR4/TR5/TR6
<input type="checkbox"/>	_____ 9840/9840B/9840C or 9490EE	<input type="checkbox"/>	_____ LTO1/ 2/ 3/ 4/ 5/ 6/ 7 (circle one)
<input type="checkbox"/>	_____ DLT2000/DLT4000/DLT7000/DLT8000	<input type="checkbox"/>	_____ Solid State Memory (HDDs)
<input type="checkbox"/>	_____ DLTVS80 & DLT VS160	<input type="checkbox"/>	_____ Other – please specify
<input type="checkbox"/>	_____ SDLT220/SDLT320/SDLT600		_____

System and Software

Please specify the format and version of the software that wrote the media?

What operating system does the data you need recovering originate from?

What file system/software were the media written under?

Was NDMP (Network Data Management Protocol) used to write this media? Yes No Unknown

If NDMP was used, what type of appliance was used:

How many volumes are anticipated within the NDMP Backup? _____ What is the estimated size?

Is the original appliance used to create this backup still available? Yes No Unknown

Applied Hardware and Software Regimes

Media compression applied? Yes No Unknown

Media encryption implemented? Yes No Unknown

Encryption key available? Yes No Unknown

Was deduplication applied? Yes No Unknown

System Two

Please specify the type of media? (Circle where more than one option is listed)
